FIRST AID

In cases of sudden illness or injury to a student or staff member, school staff or health care provider as appropriate will give first aid. Further medical attention to students is the parents' responsibility, or someone the parents or guardians designate in case of emergency.

Each principal is charged with providing for the immediate care of ill or injured persons within his/her area of responsibility.

Staff members shall report self-administered first aid treatment to an immediate supervisor. In each school, procedures for handling health emergencies will be established and made known to the staff. Each school and school vehicle will be equipped with appropriate first-aid supplies and equipment.

All employees are expected to know where first-aid supplies and equipment are kept in their work areas. Each school shall have, at a minimum, at least one staff member with a current first aid card for every 60 students enrolled. Names of the first aid cardholders will be posted.
