

How to figure out the Green, Black, Silver schedule

Once you know what classes you're scheduled in, use this worksheet to see what classes you have on each day.

The class listed with a '7' will have 2 letters next to it (G, B, S) and those will be the days that you go to your 7th period class. If your 7th period has a 'G' and a 'S' next to it then you will go to that class on Green and Silver days.

Using this worksheet, write in what class you have each period. Follow the example on the left. If you have any questions, ask any staff member for help. At first it can be a little confusing but within a week or two (at most!) you'll have the hang of it.
