

BEND-LA PINE SCHOOLS
Administrative School District No. 1
Deschutes County, Oregon
ADMINISTRATIVE REGULATION

Name: Visitors to District Facilities
Section: Community
Code: KK-AR

To promote a better understanding of our educational program and a positive relationship between Bend-La Pine Schools and the community, visitors are encouraged at our schools and school sponsored activities. Visits should be arranged and permitted within considerations of the safety and welfare of students and the orderly administration of educational programs and school operations.

A visitor is an individual whose actions do not rise to the level of a volunteer, as described in KCA-AR, and may include a parent, close relative or guardian who visits a school for a public or private event involving a student who is the individual's child, close relative or for whom the individual is guardian.

Visitors do not have repeated interaction with one or more children and are not responsible for the care, supervision, guidance or control of students.

MANDATORY CHECK IN AND OUT

During regular school hours, all visitors to schools must report directly to the school office of the school to obtain permission to visit. All visitors must report to the school office and sign in and out through the visitor management system. Visitors will receive a name badge and must visibly wear it while on campus. Visitors who are students at another school or are of school age should pre-arrange their visits through the school office at least 24 hours in advance, unless accompanied by a parent. Visitors who fail to check in with the school office or wear a visitor's name badge will immediately be asked to leave the school facility. *

Visitors to district facilities and schools outside of regular school hours for special programs or events may not be required to check in with the school office. However, such visitors may be directed to leave if the visitor fails to comply with the Visitor Guidelines set forth below.

PERMISSION TO VISIT

Permission to visit will be granted if, in the judgment of the school principal or designee, the visit serves school interests.

Permission to visit will be denied if the visit would be disruptive to the educational program or orderly school operations, would impede the work of teachers through interruptions or unreasonable demands on teacher or staff time, or if the visitor's course of conduct would conflict with district policies or administrative regulations, building regulations, or the law.

The school principal or designee may also deny permission to visit if he or she has reasonable cause to believe that the visit would compromise the safety or welfare of students and staff.

The school principal or designee has discretion to limit the scope of the visit as to the duration or specific location of the visit in order to ensure the safety and welfare of students or the orderly administration of educational programs and school operations.

DIRECTION TO LEAVE

A visitor with permission to visit may be directed to leave when any school official reasonably believes the visitor has engaged in physical violence, loud or disruptive speech or behavior, illegal conduct, or violation of district policy or administrative regulation or school rule.

A visitor may also be directed to leave if the visit becomes disruptive to the educational program or orderly school operations, impedes the work of teachers or staff through interruptions or unreasonable demands on teacher or staff time, or if the visitor's course of conduct conflicts with district policies or administrative regulations, building regulations, or the law.

Persons having no legitimate purpose or business on district property, who have failed to check in with school office staff, or who have not received permission to visit shall also be directed to leave.

A direction to leave revokes any permission to visit or license to enter. Whenever practicable, the direction to leave should be followed by a written notice which identifies the school official giving the direction to leave and briefly describes the reason for the direction to leave. The school principal should be notified immediately when any visitor is directed to leave, and be provided with a copy of any written direction or notice.

Visitors who refuse to leave after being directed to do so by school staff will be liable for criminal trespass pursuant to Oregon law, and will be reported to the appropriate law enforcement agency.

A visitor who believes that he or she has had a visit unfairly limited may follow the district's public complaint process, KL-AR.

All persons who are required to register as a Sex Offender and under Oregon Revised Statutes Chapter 163A are expressly forbidden to be present on any property owned or operated by the district, including school buildings, athletic fields, playgrounds, parking lots, school buses, activity buses or other property of any kind for any reason, including attendance at sporting events or other school-related functions, whether before, during or after school hours. In addition, such Sex Offenders may not attend or be present at any student function or field trip on or off district property that is (1) school-sponsored or (2)

otherwise under the official supervision or control of school personnel. This policy applies to all covered Sex Offenders regardless of their relationship to or affiliation with a student in the school system.

Enforcement

- All district personnel must immediately report to a school administrator the presence or suspected presence of a known or suspected Sex Offender (required to be registered) on school property. School administrators and other supervisory personnel shall report to the superintendent or designee and law enforcement when they reasonably believe that such Sex Offender is or has been on school property or at a school event.
- School administrators also shall notify the superintendent or designee of any known parent or guardian of a student at their school who is suspected to be a sex offender (required to be registered).

Exceptions

A person who is banned from district property pursuant to this policy may be on district property only under the following circumstances:

Parents or Guardians

An individual who is subject to this policy and is the parent or guardian of a student enrolled in school may be on school property only for the following reasons:

1. To attend a scheduled conference with school personnel to discuss the child's academic or social progress; or
2. At the request of the principal or designee, for any reason relating to the welfare or transportation of his or her child.
 - a. For each visit authorized by the principal or designee in accordance with subsection 1 above, the parent or guardian must provide the principal with prior written notice of his or her registration on the Sex Offender Registry and notice of his or her presence at school. Notice of his or her presence at school must include the nature and specific times of the visit.
 - b. For each visit authorized by subsection 1 above, the parent or guardian must arrange to meet a staff member at the edge of school property, check in at the principal's office upon arrival and departure, and remain under the direct supervision of school personnel at all times. If school personnel are not available to supervise the parent or guardian during any visit, then the parent or guardian will not be permitted to enter or remain on school property.
 - c. For each visit authorized by subsection 1 above, the parent or guardian must comply with all reasonable rules and restrictions placed upon him or her by the principal or designee, including restrictions on the date, time, location and length of meeting.

* The exception to this practice is in large school events (i.e. open house, music programs, first day of school)
