MORE NOTES AND INFORMATION

- ◆ **All students participating in the Bend-La Pine Online Summer Program must be registered with the Bend-La Pine School District.**
- ◆ Online courses use the Fuel Education course management system. Students must have personal access to a modern computer with an internet connection in order to participate, or plan to attend face-to-face labs to complete their course.
- ◆ Tech support for home devices is not available, so moderate familiarity with online course access and personal computer skills are necessary.
- ◆ Courses that are not completed during the summer session can be resumed during the regular school year.
- ◆ Students will only be enrolled in one course at a time.
- ◆ All summer course information and correspondence will be sent to the student's Bend-La Pine Schools email account. Parents will receive weekly progress reports on Thursdays.
- ◆ In order to be successful in summer courses, students should be completing approximately 13% of their course each week of the summer session (if they start on June 24. The weekly percentage will increase for students who start classes after that date.) Students who have not completed at least 20% of their course by July 19th (or after 3 weeks) will be dropped from that course and unable to re-enroll until the regular school year. *Fees will not be charged for dropped courses.*
- ◆ Registration for online courses as part of the Bend-La Pine Summer Program will end on Friday, July 19th.
- ◆ Our lead mentor for the summer program is Christie McCormick. If you have questions about registration, lab times, face-to-face support or course selection, her email is christie.mccormick@bend.k12.or.us
- ◆ **Please review the fee structure carefully, as there are changes from previous years.**

TAKE TIME TO FOCUS ON ONE COURSE AT A TIME, IMPROVE GRADES, OR COMPLETE REQUIRED COURSES IN ORDER TO ACCESS MORE ADVANCED OR SPECIALIZED OPTIONS DURING THE SCHOOL YEAR.
