April 8, 2025

Dear Esteemed Members of the Budget Committee and Community Members:

As we start the budget process for the 2025-26 school year, it is vital that we reflect on whether we have delivered upon the commitments we've made as good stewards of our taxpayers' dollars.

Whether we are using taxpayer dollars for staffing, providing updated instructional materials, or enhancing our infrastructure, we take our responsibility of stewardship and community engagement very seriously at Bend-La Pine Schools in our endeavor of providing a comprehensive educational experience to our students. Deciding how to spend public dollars in service of the district goals is done with intentionality, public input, and feedback.

We have historically built our budget on the promise that each Bend-La Pine Schools' student is known by name, strength and need, and graduates ready for college, career, and life. Additionally, we strive for students, staff and families to thrive in Bend La Pine Schools. To this end, we have established four organizational goals that serve as true north for our system:

1. Students develop a strong academic foundation;

2. Students have a passion, purpose, and plan for their future;
3. Students, families, and staff experience inclusion and belonging; and
4. Operational systems align and support an academically effective and sustainable organization.

Of significance, we are continuing the work of the district Culture and Climate Task Force, composed of classroom educators, support staff, and building and district administrators to collaboratively tackle some of our most pressing needs in our schools such as agreed-upon common best practices, and a consistent and transparent approach to supporting positive and productive classroom environments. We have also committed to ongoing stakeholder engagement through surveys, advisories, and student and staff feedback. These collaborative conversations continue to provide invaluable insight into how we can better support our students and our staff to optimize learning experiences within the fiscal constraints imposed by the state funding formula.

As a part of the integrated planning process required by the Oregon Department of Education, and to ensure alignment with community expectations, we have engaged in substantive discussions with students and families across the district to assess our progress ensuring student success. Are we

focusing on the right factors with the greatest impact on student success? Are we truly preparing graduates for the demands of college, career, and civic engagement? Are our systems the most effective and efficient they can be to produce the outcomes our families and community want and expect for our students? These are questions that require our collective attention. The 2025-26 budget is appropriated to reflect this feedback, refining our use of resources to provide the best learning environment for students in Bend-La Pine Schools.

Finally, I am pleased to confirm that this proposed budget is balanced and adheres to the requirements outlined in Bend-La Pine Schools' *Executive Limitation 4.3 Financial Planning and Administration*. The policy requires proposing a budget with an ending fund balance at least equal to 5% of resources in the General Fund Operations budget.

We are truly grateful for your ongoing support of the Bend-La Pine Schools.

In collaborative partnership,

A handwritten signature in black ink, appearing to read "Dr. Steven Cook". The signature is fluid and cursive, with the first letters of each word being capitalized and prominent.

Dr. Steven Cook
Superintendent, Bend-La Pine Schools

Bend-La Pine Schools
Outline of Budget Process
Fiscal Year 2025-26 Proposed Budget

1. Appoint a Budget Officer – The School Board appointed Dr. Steven Cook as the Budget Officer by Resolution 1969 on June 18, 2024.
2. Prepare the Proposed Budget – Completed by first budget committee meeting on April 8, 2025.
3. Publish Notice of Budget Committee Meeting, twice – Published April 1, 2025 on website and March 27, 2025 in Bend Bulletin.
4. Budget Committee Meets – Initial meeting is April 8, 2025, 4:00pm. Can meet as often as needed, no publication requirements after the first meeting.
5. Budget Committee Approves Budget – Budget Committee can make changes to the proposed budget. Once satisfied with the budget, a motion is made to approve the budget and approve the property tax rate for the general fund and the property tax amount for the debt service fund. Approved budget now goes to the School Board for adoption.
6. Budget Summary and Notice of Public Hearing is Published – A financial summary of the approved budget and a notice of budget hearing must be published between 5 and 30 days before the hearing (budget hearing scheduled for June 17, 2025).
7. Budget Hearing Held – Held by the School Board to listen to stakeholder's testimony on the approved budget. Additional hearings may be held.
8. Budget adopted, appropriations made, taxes declared and categorized – Before adoption, the School Board may make changes to the budget approved by the Budget Committee, subject to certain limitations:
 - a. Taxes may not be increased over the amount approved by the budget committee.
 - b. Estimated expenditures in a fund cannot be increased over the amount approved by the budget committee by more than \$5,000 or 10 percent, whichever is greater.

These limitations cannot be exceeded without first publishing a revised financial summary and holding another budget hearing.

After the hearing and after considering relevant testimony, the School Board adopts the budget (no later than June 30, scheduled for June 17, 2025). By resolution, the School Board adopts the budget, makes appropriations and levies and categorizes tax.

9. Certify Taxes – Property tax rate and general obligation debt service amount are certified to the County Assessor. In addition, a copy of the adopted budget and the tax certification forms are submitted to the High Desert Education Service District and the Oregon Department of Education.

Bend-La Pine Schools – Building the FY2025-26 School Year Proposed Budget

This narrative provides the reader of this budget document insight into how Bend-La Pine Schools' proposed budget is built, including the major assumptions used to create a roadmap for next year. As a school District, everything we do focuses on students, including our annual budget. The budget is one of the primary tools we utilize to accomplish the District's four goals, which are:

1. Students are engaged and develop a strong academic foundation.
2. Students have a passion, purpose, and plan for their future.
3. Students, families, and staff experience wellness, inclusion, and belonging in our schools.
4. Operational systems align and support an academically effective and sustainable organization.

The District's budget is a planning tool that matches the financial, material, and human resources available with the requirements necessary to meet the school board's goals and strategies. The budget is the result of many different planning processes that determine the direction of the District. The budget is prepared annually in accordance with the requirements prescribed in Oregon local budget law (Chapter 294 of the Oregon Revised Statutes), which establishes standard procedures for preparing, presenting, and administering the budgets of Oregon's local governments. Local budget law encourages citizen involvement in the budget process before its final adoption. Building the proposed budget includes estimating revenues, expenditures, and proposed taxes; and provides a method for control of resources/revenues and requirements/expenditures of public funds.

The budget process is an on-going cycle, but the annual process officially starts in December when estimates for student enrollment counts for the next fiscal year are submitted to the Oregon Department of Education (ODE). The process continues into April with finance staff meeting with departmental leadership and evaluating revenue and expenditure assumptions. In mid-April the proposed budget is balanced and brought to the budget committee for analysis and review. In May, the proposed budget is approved by the budget committee and the budget process concludes with the adoption of the budget by the Board in June. The adopted budget goes into effect July 1, the start of the new fiscal year.

Building a budget involves making both resource and requirement assumptions. The majority of revenue in the District's budget is from the Oregon State School Fund (SSF), so the SSF is the starting point in our budgeting process. FY2025-26 is the first year of the Oregon State 2025-27 biennial budget and there is some uncertainty regarding funding of K-12 education until the State adopts its budget in June. Because of this variability we have made our best estimates for SSF resources in the FY2025-26 proposed budget. Additionally, Federal budgets, which provide another source of funding for the District, have not been adopted and exact revenue numbers remain variable. The District is also negotiating compensation with employee associations this spring. We have included our projection of the related salary and benefits requirements from those discussions.

Bend-La Pine Schools Profile

Bend-La Pine Schools is the fifth largest school district in the State of Oregon. Located entirely in Deschutes County, the District covers approximately 1,700 square miles serving Bend, La Pine, Sunriver and surrounding communities. The District was formed in 1961 as the result of an election that consolidated five school districts.

Bend-La Pine Schools serves more than 16,600 students in kindergarten through grade twelve and currently operates nineteen elementary schools, seven middle schools and seven high schools. We also sponsor two K-8 charter schools.

How do we build the annual budget?

Oregon Local Budget law requires a balanced budget where revenues are equal to expenditures. In Oregon Local Budget law terminology, revenues are referred to as resources, and expenditures are called requirements. Thus, the two sides to the budget equation are resources and requirements.

$$\text{Resources (revenues)} = \text{Requirements (expenditures)}$$

Student enrollment is the primary variable on both sides of the budget equation. Oregon's state funding formula, which provides the majority of District resources, uses student enrollment as the main driver. Additionally, enrollment is used extensively for staffing decisions, which contain the bulk of District requirements.

School budgets are organized according to the classification of accounts in the "Oregon Department of Education's Program Budgeting and Accounting Manual for School Districts". According to ODE, these are considered program budgets.

Chart of Accounts - Framework

Oregon Budget Law (ORS 294) specifies a process and format for a district's annual budget preparation and presentation. The Oregon Department of Education, through the administrative rule process, adopts a chart of accounts that is used to classify revenues and expenditures. These account codes are approved by the Oregon Department of Revenue.

The accounting code structure is designed to provide consistent classification of expenditures to allow valid spending comparisons among schools and districts. The Program Budgeting and Accounting Manual is written to approach conformance with Generally Accepted Accounting Principles (GAAP), a uniform minimum standard of, and guideline for, financial accounting and reporting. Account classifications are designed to provide meaningful financial management information to its users.

Achieving consistency in budgeting and financial reporting enhances our ability to present a clear picture of the District's financial condition. Financial information that is consistently presented in a simple and straightforward format will be readily understood by the public, and provide a sound basis for decision-making.

In governmental accounting systems and for budgeting purposes, the District's financial structure is built by funds, a fiscal and accounting entity with self-balancing accounts set aside to carry on a specific activity or to meet certain objectives in accordance with a specific regulation. The General Fund is used for everyday operations. The most common reason for establishing a special fund is to account for a revenue source whose use is limited to a particular kind of expenditure. Other fund types include Special Revenue, Long-Term Debt Service, Capital Projects and Trust Funds.

The proposed budget document uses the account classification system prescribed by ODE to present the resources (revenues) and requirements (expenditures). For each type of transaction, the specific account code is made up of a combination of classifications called dimensions. Each dimension describes one way of classifying financial activity. The dimensions used in the proposed budget are:

Resources/Revenues:

Fund: xxx

Source: xxxx

For example, revenue from the State School Fund in the General Fund would be classified as:

Fund: 100 – General Fund

Source: 3101 – State School Fund

Requirements/Expenditures:

Fund: xxx

Function: xxxx

Object: xxxx

For example, expenditures for the salary of a first grade school teacher in the General Fund would be classified as:

Fund: 100 – General Fund

Function: 1111 – Primary, K-5 Programs

Object: 0111 – Licensed Salaries

Student Enrollment

The District's budgeted resources and requirements are based on student enrollment. A major component of the District's State School Fund allocation, the primary source of funding, is calculated on the basis of the number and type of students enrolled. The FY2025-26 projected enrollment for Bend-La

Pine Schools is 16,616, a decrease of 264 students compared with enrollment of 16,880 on October 1, 2024.

Enrollment projections are further refined by grade and school. To accomplish this, the District develops annual enrollment projections using two types of information – birth rates and cohort survival rates.

Kindergarten projections are generated using birth rates and the District's "capture" rates of eligible births in Deschutes County. For FY2025-26 the kindergarten class is projected to be 1,007, a decrease of 87 students compared with the FY2024-25 projection.

Cohort capture is a commonly used demographic technique that looks at the number of students in a given grade (called a "cohort"), and determines how many of those students will move up to the next grade or school level. Cohort capture in a given area is affected by in- and out-migration of families in

response to economic climate, the type of housing available (i.e. single-family units vs. multiple-family units) and general mobility of the population.

Resources/Revenues

In the FY2025-26 proposed budget, more than 96 percent of the revenue in the general fund operations subfund is determined by the State School Funding Formula, and is estimated to be \$220,800,000. The State School Funding Formula is designed to equalize funding for K-12 education across school districts and education service districts. Bend – La Pine Schools is funded at the same amount per student as Redmond, Sisters, or Portland.

The State School Formula is comprised of state appropriations, local property taxes, county school funds, the common school fund and a few other miscellaneous items. The following chart shows the formula revenue from FY2023 through proposed FY2026.

The State School Fund Formula works by aggregating all components across the state and then allocating funding to

school and education service Districts on a per student basis. The net impact is that the state appropriation amount changes based on the local economic conditions for each District so that K-12 funding is equalized across the state. As an example, areas with high property taxes receive a proportionately smaller share of state funding such that the funding formula looks like:

$$\begin{array}{rcl}
 & \text{Local resources} & \\
 + & \text{State appropriations} & \\
 = & \text{Total funding from the State School Formula} & \\
 \\
 & \text{Local resources} + 1 & \\
 + & \text{State appropriations} - 1 & \\
 = & \text{Total funding from the State School Formula} & \\
 \\
 & \text{Local resources} - 1 & \\
 + & \text{State appropriations} + 1 & \\
 = & \text{Total funding from the State School Formula} &
 \end{array}$$

Local property tax rates are permanently set in statute, and the permanent rate for Bend-La Pine Schools is \$4.7641 per \$1,000 of assessed value.

The State School Fund component of the formula revenue is estimated to be \$11.6 billion for the 2025-27 biennium, an increase of 13.7% from the prior biennium. For the 2025-27 biennium, we are anticipating that the State School Fund will be allocated 49% to the 1st year and 51% to the 2nd year of the biennium. The calculation of the State School Formula includes “Average Daily Membership – Weighted” (ADMw) and the cost of student transportation.

The following is a background on the “Average Daily Membership – Weighted” (ADMw) used in the State School

Fund Formula and which determines each District’s percentage of the State School Fund revenue. ADMw measures the variations of student enrollment as students enter and exit our schools. One of ODE’s enrollment benchmarks for student enrollment is the number of students enrolled on October 1 of a given school year. That enrollment benchmark is at a single point in time compared with ADMw which is more of an average enrollment over the school year. For example, if a student attends one of our schools for the first semester and withdraws in the second semester to enroll in another district, we would receive half of the annual funding for that student. The weighted portion of ADMw is also designed to allocate additional resources for students requiring more intensive services, such as students on an individualized education plan (IEP), students in poverty, and students where English is not their first language. Student transportation costs are part of the formula and the transportation reimbursement rate for Bend-La Pine Schools is 70 percent of approved costs.

Other resources in the general fund operations subfund include pass-through funds from the High Desert Education Service District, investment earnings, indirect charges to grants, and expenses reimbursed by others. The ending fund balance from the previous year is also included in resources available for the current year.

This proposed FY2025-26 budget assumes a State School Fund allocation of \$11.6 billion for the 2025-27 biennium and a 49% allocation in year one of the biennium. In addition, the state is projecting a 4% increase in state-wide local revenues, which include property taxes. At this formula funding level we anticipate consuming reserves in FY2025-26 and reducing some operational activities to maintain similar educational programs to prior years. This proposed budget includes an ending fund balance in the general fund of approximately 8%,

higher than the target 5%. The long term outlook section details why we believe this reserve level is prudent.

Requirements/Expenditures

Oregon Budget Law (ORS 294) specifies that School Districts present annual budgets on a program basis. Programs, also referred to as functions, are groups of activities to accomplish a major service. In the general fund operations subfund the functions include:

1000 - Instruction

Activities dealing directly with teaching of students. Teaching may be provided for students in a school classroom, in other locations such as a home or hospital, or in other co-curricular learning situations.

2000 – Support Services

Administrative, technical, personal (such as guidance and health) and logistical support to facilitate and enhance instruction.

3000 – Enterprise and Community Services

Programs where the costs of providing goods or services to the students or general public are financed or recovered primarily through user charges and community programs.

4000 – Facilities Acquisition and Construction

Used for the acquisition of land, new building construction, major remodeling, installation or extension of service systems, equipment and other site improvements.

5000 – Other Uses

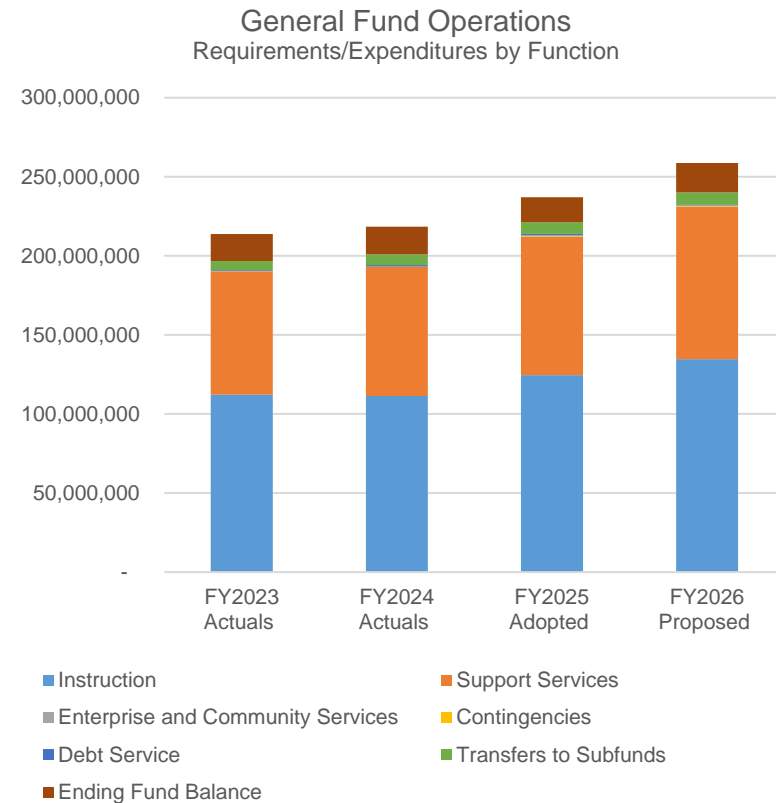

Activities in this classification include current debt service payments and transfers between funds.

6000 - Contingency

Appropriations for expenditures which cannot be foreseen and planned in the budget process because of an occurrence of an unusual event.

7000 – Unappropriated Ending Fund Balance

An estimate of funds needed to maintain operations of the school district from July 1 of the ensuing fiscal year and the time when sufficient new revenues become available to meet cash flow needs.

In the budget document the general fund operations subfund reports are compiled using function and object dimensions. For example, the Budget Summary Worksheet is presented at a detailed function level with object codes and the Budget At A Glance Summary Worksheet is presented at object code levels.

Major object code levels include:

0100 – Salaries

Amounts paid to employees of the district who are considered to be in positions of a permanent nature or hired temporarily.

0200 – Associated Payroll Costs

Amounts paid by the district on behalf of employees including payroll taxes, PERS and health insurance.

0300 – Purchased Services

Services which, by their nature, can be performed only by persons or firms with specialized skills and knowledge. Services include architects, engineers, auditors, lawyers and consultants.

0400 – Supplies and Materials

Amounts paid for material items of an expendable nature that are consumed, worn out, or deteriorated by use; or items that lose their identity through fabrication or incorporation into different or more complex units or substances.

0500 – Capital Outlay

Expenditures for the acquisition of capital assets or additions to capital assets. They are expenditures for land or existing buildings; improvements of grounds; construction of buildings; additions to buildings; remodeling of buildings; initial

equipment; additional equipment; and replacement of equipment.

0600 – Other

Amounts paid for goods and services not otherwise classified above. This includes expenditures for the retirement of debt, the payment of interest on debt, and the payment of dues and fees.

0700 – Transfers

This is an accounting entry used to move monies between funds.

800 - Other Uses of Funds

Amounts set aside for operating contingencies or reserved for the following year (ending fund balance).

Personnel costs are the biggest expenditure to the budget.

FY2026 Proposed

Personnel costs represent about 85 percent of the General Fund Operations total expenses. Personnel costs include salary as well as the benefits that come with salary costs. The benefits include: PERS, payroll taxes, health insurance, and worker's compensation insurance. PERS, payroll taxes and worker's compensation are statutorily mandated.

A significant portion of the District's workforce is allocated based on student enrollment. For example, the target class-size in the 1st grade is 22 students to one teacher. Each grade has a class-size target as shown in the following chart:

Teachers		
Grade	Ratio	Average Class-Size Target
KG-1	22.0 : 1	22.0
2nd	24.0 : 1	24.0
3rd	27.0 : 1	27.0
4th - 5th	31.0 : 1	31.0
6th - 8th	26.3 : 1	30.6
9th - 12th	29.3 : 1	34.0

Counselors	
Grade	Ratio
6th - 8th	300 : 1
9th - 12th	372 : 1

The FY2025-26 proposed general fund operations budget includes 1,574.55 full-time equivalent (FTE) staff members, an increase of about 0.5 FTE over actual FTE in FY2024-25.

The following schedule shows a breakdown of FTE along with the basis of the allocation:

General Fund Operations Subfund
FY2025-26 Proposed Budget - FTE by Function

Function	Method of allocation	FTE	% of Total
Schools - teachers, counselors, ed assistants, principals and support	Number of students	951	60.4%
Special Programs	Formula based on student need	270	17.1%
English as a Second Language	Number and location of students	29	1.8%
Alternative Education Programs - BLS Online and other programs	Number of students and need	10	0.6%
Instructional Support	Level of support	11	0.7%
Family Access Network	Need - most are funded through other sources	5	0.3%
Custodial Support	Building square feet	92	5.8%
Transportation of Students	Ridership and location	98	6.2%
Facility Maintenance	Building square feet and square feet of turf	39	2.5%
Information Technology	Number of facilities, staff and students	31	2.0%
Board, Supt, Business, HR, Purchasing, Distribution Services	Number of students and staff	40	2.5%
Total		1,574.55	

Once staffing levels are determined, the Business Office builds a model to calculate personnel costs. The model is built incrementally in a series of steps starting with a snapshot of staffing in December 2024. Subsequent steps advance employees on the salary schedule and add new positions. The model calculates salaries and associated payroll costs including PERS and health insurance.

New PERS rates are effective with the 2025-2027 biennium. For Bend-La Pine Schools, the FY2025-26 PERS employer rates are 23.32% for Tier 1&2 and 20.14% for OPSRP. As of the last projection from early 2024, PERS rates are projected to continue increasing over the 4 biennia.

PERS Rates:

Biennium	Tier 1/2	OPSRP GS
2017 - 2019	17.99%	12.66%
2019 - 2021	22.76%	17.31%
2021 - 2023	18.10%	14.99%
2023 - 2025	19.32%	16.48%
2025 - 2027	23.32%	20.14%
2027 - 2029	22.77%	19.31%
2029 - 2031	29.72%	26.26%
2031 - 2033	29.11%	25.65%

Instruction

The FY2025-26 proposed budget includes \$134.6 million for Instruction in the general fund operations subfund. This is an increase of about \$10.1 million compared with the FY2024-25 adopted budget. Over 89% of the instruction budget is related to people.

Support Services

The FY2025-26 proposed budget includes \$96.3 million for Support Services. This is an increase of about \$8.7 million compared with the FY2024-25 adopted budget. Over 80% of the Support Services budget is related to people.

Assumptions for Significant Non-Personnel Items

Utilities, Buildings and Grounds – the FY2025-26 proposed budget assumes the operation of nineteen elementary schools, seven middle schools, and seven high schools.

Substitutes – The FY2025-26 proposed budget includes \$3.98 million for substitutes. This is a 21% increase over the FY2024-25 adopted budget due to increased usage due to Oregon Paid Family Leave and 4.5% increases in PERS rates.

Charter Schools – The District contracts with two charter schools, Bend International School and Desert Sky Montessori School. The FY2025-26 proposed budget includes approximately \$3.88 million for charter school payments, an increase of about \$30,000. The nominal increase is based on the increasing State School Fund revenue and projected growth in student enrollment at both charter schools.

Alternative Learning Options – The District contracts with other entities for alternative education services. The FY2025-26 proposed budget includes \$1.85 million for alternative education services, an increase of about \$140,000.

COIC GED program - offers alternative high school education to allow students ages 14-24 to make up credits and return to their regular classrooms, or to earn a state high school diploma or GED.

COIC JDEP - Juvenile Detention Education Program (JDEP) – serving youth that are in juvenile detention through a contract with the State.

J Bar J - The J Bar J Boys Ranch (est. 1968) is a 28-bed residential facility serving young offenders, ages 13-18, in need of court-ordered rehabilitation services. The program uses accountability-based cognitive

restructuring, emphasizing individual accountability and personal growth.

Academy at Sisters - a premier therapeutic and academic boarding school for at-risk young women ages 13-18.

Athletics – Athletic costs are accounted for in the general fund athletics subfund. The costs are funded with pay-to-play fees and gate receipts, with the balance covered by a transfer from the operations subfund.

Instructional materials – New curriculum, adoption materials, and the cost of digital instructional materials are budgeted in the Instructional Materials Subfund.

Energy efficiency – The District has placed a focus on the usage of energy in the District buildings by constructing more energy-efficient buildings, upgrading existing buildings and promoting energy savings by students and staff. Projects to increase energy efficiency include LED lighting upgrades, equipment replacements (boilers, burners, hot water heaters) and upgrading the Direct Digital Controls for the HVAC and lighting systems.

Student Success Act

In May 2019, Oregon passed the historic Student Success Act (SSA). SSA provides public school districts with an opportunity to invest more fully in an education system that helps to ensure every student realizes their dreams for the future. This statewide investment will bring Oregon closer to the Quality Education Model funding that our students and staff deserve, and make Oregon's education system more competitive nationwide.

The Student Success Act's general resources are separated into three investment accounts: Early Learning Account, Student Investment Account, and Statewide Initiatives Account. The investment from the Student Investment Account (SIA), which is our largest individual state grant, is expected to total approximately \$16.6 million in FY2025-26. The chart below shows the FTE included in the proposed budget that will be funded through SIA:

SIA funds FTE 2025-26

Class-sized based on historically underserved	27.5
Student Success and Counseling staffing	51.3
Student Services staffing	29.8
Advocacy, Dual Immersion and ESL staffing	5.5
Literacy and Math staff k-12	18.0
Other support positions	0.5
Total	132.6

High School Success

Oregon voters approved ballot measure 98 in November of 2016, which created the High School Success (HSS) fund.

HSS is expected to total approximately \$5.0 million for the FY2025-26 budget year and will support the following staff:

HSS funds FTE 2025-26

Career and Technical Education	3.0
College Level Support	11.5
Dropout Prevention	17.5
Total	32.0

Debt Service

Districts may levy taxes for the repayment of bonded debt upon voter approval. Tax levies for bonded debt fall outside of the limits of Measure 5. Measure 50 limited the use of bonded debt to funding capital construction and improvements, and prohibited using the bonds to finance equipment purchases or pay for maintenance and routine repairs.

The 2009 state legislature approved a provision of the Oregon Constitution which effectively expanded the range of the qualifying uses of bond proceeds by re-defining "capital costs" as costs of land and of other assets having a useful life of more than one year, including costs associated with acquisition, construction, improvement, remodeling, furnishing, equipping, maintenance or repair. Bonds may not be used to pay for the costs of routine maintenance or supplies.

On November 8, 2022, voters approved a general obligation bond issue in the amount of \$249.7 million. Projects include a replacement of Bend Senior High School's 70-year-old building, as well as technology, safety, and maintenance projects throughout the District. The District issued \$100 million in February 2023 and plans to issue the remaining \$149.7 million in July of 2025.

In December 2021 the District completed a refunding of our 2013 General Obligation Bond. This refunding will save the taxpayers approximately \$7.5 million dollars over the term of the debt.

Debt limit is established by Oregon law (ORS 328.245(1) and (2)) at 7.95 percent of the real market value of property within the taxing district's boundary. As of July 1, 2024, the District's net bonded debt was \$4,215,841,469 less than the statutory debt limit.

The following chart shows the assessed valuation used in the calculation of the debt service property tax rates.

This next chart shows the actual and projected property tax rates for general obligations bonds.

Long Term Outlook

To better understand the FY2025-26 budget and financial state of Bend-La Pine Schools, it is important that we provide a longer-term look at financial projections. These projections include many assumptions, which are based on the best information available at this time. While we don't know the state formula funding or our exact labor costs in FY2025-26 and beyond, we are making informed projections to balance our budget and prepare for future years. Those estimates lead us to believe that our staffing costs are increasing at a faster rate than our general fund revenue.

Exhibit 1 shows our historical funding, which highlights the impact of relatively flat funding during the 21-23 biennium and notes an average year over year increase of about 5%. In recent months the state economists have dampened the future outlook based on recession fears, which, should this occur would have an impact on future funding for K-12 education.

Exhibit 1

Oregon State School Fund
State budget by biennium and by year
2011-2025

Year	Biennial amount	biennial increase	Biennial split	Annual amount	YOY change %	
2011-12	5,713,160,000	5.6%	50/50	2,867,830,000	9.1%	
2012-13				2,845,330,000	-0.8%	
2013-14	6,650,400,826	16.4%	49/51	3,209,696,405	12.8%	
2014-15				3,440,704,421	7.2%	
2015-16	7,376,260,692	10.9%	49/51	3,629,130,346	5.5%	
2016-17				3,747,130,346	3.3%	
2017-18	8,200,000,000	11.2%	50/50	4,100,000,000	9.4%	
2018-19				4,100,000,000	0.0%	
2019-20	8,996,000,000	9.7%	49/51	4,408,040,000	7.5%	
2020-21				4,587,960,000	4.1%	
2021-22	9,296,000,000	3.3%	49/51	4,555,040,000	-0.7%	ESSER funds
2022-23				4,740,960,000	4.1%	
2023-24	10,200,000,000	9.7%	49/51	4,998,000,000	5.4%	
2024-25				5,202,000,000	4.1%	

Our share of the state formula funding is driven by enrollment. In the years since the COVID pandemic we have seen

enrollment reduced by approximately 2,000 students. Some of the factors contributing to our enrollment decrease are: declining birth rates, increased cost of living in Central Oregon effecting net migration, and alternative learning options. In FY2025-26 we expect to continue to see a slight decrease in year over year enrollment.

We have also slightly reduced future revenue projections based on volatility with federal programs that provide funding to Bend-La Pine Schools. Reductions in funding for any program leads to difficult decisions about cutting services.

On the staffing cost side of our projections, PERS rates are increasing roughly 4.5% in FY2025-26. PERS rate increases are expected to continue, increasing an additional 6% over the next two biennia and will exceed 26% by 2029. Those benefit cost increases, when combined with wage growth due to advancement on the salary schedule and cost of living adjustments, create exponential growth in our staffing costs. Oregon Paid Family Leave has increased the frequency and duration of staff on leaves of absence which, combined with high inflation during the 23-25 biennium, lead to significant increases in the cost of materials and services.

The reality of our long-term forecast is that expenditures, driven primarily by rising personnel costs and inflation, are simply increasing much faster than our projected revenues. Because of this, we project that we will consume our already limited reserves at a compounding rate every year. The below graph shows our long-term forecast. You will note that in FY2026-27 we anticipate that, without personnel cuts, the District will be below the 5% ending fund balance required in Executive Limitation 4.3. This would result in inadequate cash flows and an inability to cover expenditures in FY2026-27.

Due to long-term forecast and the clear increase in personnel expenditures, our strategy continues to be to retain reserves so as to reduce the impact of future years staff reductions.

Reserves are a crucial one-time resource that can be used to maintain operations during shortfalls in revenue or unexpected increases in operating costs.

The District prudently started building reserves in preparation for the funding cliff created by one time federal resources (ESSER grants) awarded to help recover from the COVID-19 pandemic. In FY2024-25, the year in which the ESSER grants expired, we budgeted a reserve of 6.7% of revenue in General

Fund Operations. In FY2025-26 we have increased that reserve to 7.2% of revenue since we forecast another large cliff in FY2026-27. Even with this reserve level the District will need to balance future years expenditures with revenues, which means costs will need to be reduced.

CLASSIFICATIONS OF REVENUES

Revenues are classified according to their source. They are generally divided into five groups.

1000 Local Sources

These revenues are derived from sources within our school district. Examples include: collected taxes, fees to participate, and tuition.

2000 Intermediate Sources

Revenues derived from county level government agencies and the Education Service District (ESD).

3000 State Sources

Revenues from the state or through the state including, State School Support and state grants-in-aid.

4000 Federal Sources

Revenues include restricted and unrestricted grants-in-aid from the federal government.

5000 Other Sources

Other revenue sources not classified above include debt financing, transfers, and beginning fund balance.

DEFINITIONS OF FUNCTIONS

1000 Instruction

Activities dealing directly with the instruction of students or in other learning situations such as those involving co-curricular activities. Included here are the expenditures for classroom instructional supplies and materials as well as costs for instructional services and payments to private alternative learning programs.

2000 Support Services

Support services activities are those services that provide administrative, technical, personal (such as guidance and health), and logistical support to facilitate and enhance instruction and, to a lesser degree, community services. Support services exist to sustain and enhance instruction, rather than as entities within themselves.

3000 Enterprise and Community Services

Activities which are not directly related to student instruction. These include services such as community recreation programs, food services, civic activities, public libraries, programs of custody and care of children, and community welfare activities provided by the district for the community as a whole or in part.

4000 Facilities Acquisition and Construction

Activities concerned with the acquisition of land and buildings; major remodeling and construction of buildings and major additions to buildings; initial installation or extension of service systems and other built-in equipment; and major improvements to sites.

5000 Other Uses

Activities included in this category are servicing the debt of a district and conduit-type transfers from one fund to another fund.

6000 Contingency

Expenditures which cannot be foreseen and planned in the budget process because of an occurrence of an unusual or extraordinary event.

7000 Unappropriated Ending Fund Balance

An estimate of funds needed to maintain operations of the School District from July 1 of the ensuing fiscal year and the time when sufficient new revenues become available to meet cash flow needs of the fund. No expenditures shall be made from the unappropriated ending fund balance in the year in which it is budgeted.

DEFINITIONS OF OBJECTS

100 Salaries

Amounts paid to employees of the district who are considered to be in positions of a permanent nature or hired temporarily, including some personnel substituting for those in permanent positions. This includes gross salary for personal services rendered while on the payroll of the district. The district budgets salaries by FTE (full-time equivalency).

200 Associated Payroll Costs

Amounts paid by the district on behalf of employees; these amounts are not included in the gross salary, but are over and above. Such payments are fringe benefit payments, and, while not paid directly to employees, nevertheless are part of the cost of salaries and benefits. Examples are: 1) group health and life insurance, 2) contributions to Public Employees Retirement System (PERS), 3) social security, 4) workers' compensation, and 5) unemployment insurance.

300 Purchased Services

Services which by their nature can be performed only by persons or firms with specialized skills and knowledge. While a product may or may not result from the transaction, the primary reason for the purchase is the service provided. Included are the services of architects, engineers, auditors, dentists, medical doctors, lawyers, consultants, accountants, etc. Also included are the costs of most substitutes which are contracted through the Education Service District, charter school payments, and Alternative Learning Options payments.

400 Supplies and Materials

Amounts paid for material items of an expendable nature that have a useful life of one year or less, or that have a value less than \$5,000.

500 Capital Outlay

Expenditures for the acquisition of capital assets or additions to capital assets. They are expenditures for land or existing buildings, improvements of grounds, construction of buildings, additions to buildings, remodeling of buildings, initial equipment, additional equipment, and replacement of equipment.

600 Other Objects

Amounts paid for goods and services not otherwise classified above. This includes expenditures for the retirement of debt, the payment of interest on debt, and the payment of dues and fees.

700 Transfers

This object category does not represent a purchase. Included here are transactions for interchanging money from one fund to another and for transmitting flow-through funds to the recipient (person or agency).

800 Other Uses of Funds

These are amounts set aside for contingency and reserve for next year.

ATHLETICS

The Athletics subfund has been established to centralize the accounting for sports and activities. Expenditures in the Athletics subfund includes extra duty contracts, supplies, transportation, purchased services, capital outlay

and Oregon School Activities Association dues. The primary revenues are a transfer from the General Fund Operations subfund, pay-to-play fees and ticket sales.

The sports included within this budget for high schools are:

- Baseball
- Basketball
- Golf
- Cross country
- Football
- Soccer
- Softball
- Swimming
- Tennis
- Track
- Volleyball
- Wrestling

The sports included within this budget for middle schools are:

- Cross country
- Football
- Track
- Volleyball
- Wrestling

INSTRUCTIONAL MATERIALS

The Instructional Materials subfund is designed to accumulate funds to allow the District to implement instructional materials adoptions in a timely manner. The source of funds is a transfer from the General Fund

Operations subfund each year. In FY2025-26, we plan to use resources in this fund for instructional materials and to support digital learning.

TRANSPORTATION RESERVE

The Transportation Reserve subfund is designed for the replacement of buses and the purchase of ancillary equipment such as radios and cameras. A plan to replace the bus fleet over thirteen years was implemented in

FY2018-19. The revenue to support the bus replacement comes from the depreciation component of the State School Transportation grant, transfers from the General Fund Operations subfund and debt proceeds.

PRINT SHOP

The Print Shop subfund is used to account for revenue and expenditures for printed or copied materials throughout the District. The cost of leasing District copiers and printers, the cost of Print Shop equipment and maintenance of the

equipment, and the costs of personnel and supplies are recorded in this subfund. Revenues to support the Print Shop services will come from the fees charged on each impression made by the Print Shop, printers, and copiers.

FACILITY USAGE

The Facility Usage subfund was originally established to account for the long term maintenance and renovation of facilities that are used by the community through our building usage program. Through FY2007-08, a portion of the revenue received was reported in the general fund operations subfund to offset staff costs related to the use of district facilities. Starting in the FY2008-09 school year, all activities related to facility usage have been accounted for in this subfund. Revenues are derived from building usage

fees. Expenditures include staffing costs and other facility related costs. The revenues will continue to be allocated as they have in the past, with 25% allocated to each site to help offset their costs of maintaining the facility. The remaining 75% will be used to offset the costs of the program. We also budget furniture, equipment replacement expenditures, and Career Technical Education (CTE) reserves in this fund.

TECHNOLOGY REPLACEMENT

The Technology Replacement subfund will be funded by E-Rate reimbursements and resources from the High Desert Education Service District. These resources are intended to replace district technology assets that have become obsolete or have catastrophically failed and cannot be repaired. Additionally, the resources will be used to address other district wide technology priorities, such as

achieving technology equity across all schools. The assets that are covered include computers, network and telecommunications equipment, building alarms, video distribution, and display equipment. In FY2025-26, we are planning to use resources in this fund to continue supporting digital conversion and other infrastructure needs.

MAINTENANCE REPLACEMENT

The Maintenance Replacement subfund will be used to pay for ongoing major maintenance projects at existing school and support service sites. The projects, identified by staff, require funding greater than what is available at the individual sites. Resources for this fund were derived through a

transfer from the General Fund Operations subfund. Projects such as district security fences, boiler repairs, etc., will also be funded from any residual dollars remaining from the previous fiscal year, from Senate Bill 1149 projects, and energy efficiency incentives.

SPECIAL REVENUE FUND

Consolidated

The Special Revenue fund is used to account for the proceeds of specific revenue sources that are restricted to expenditures for specified purposes. For our District, the special revenue fund includes all grants, nutrition services, and student body. Individual schedules for each special revenue type follow the consolidated

schedule. Separate schedules are presented for the Student Investment Account and the High School Success (Measure 98) grant for informational purposes. These two grants are included in the consolidated grants schedule.

SPECIAL REVENUE FUND

Grants

The Grants subfund is used to account for revenues and expenditures for programs supported with Federal, State and other grants. The grants that are received are restricted to the specific use for which they are intended. These funds

are intended to supplement District programs and cannot be used to supplant regular programs or positions within the general operating fund.

Many grants are expected to be received throughout the year. Some of the more significant grants are:

- Title I Basic Programs
- IDEA (Individuals with Disabilities Education Act) part B Special Education
- Title III English as a Second Language (ESL)
- Senate Bill 1149 funds for energy efficiency
- Career and Technical Education Career Pathways Grant
- Youth Transition Program Grant
- Outdoor School Funding
- Family Access Network (FAN)
- Student Investment Account
- High School Success (Measure 98)
- Early Literacy Success

SPECIAL REVENUE FUND

Grants - Student Investment Account

The Student Investment Account is part of the Special Revenue Fund – Grant subfund. The District is presenting this additional grant report, which includes only the Student Investment Account budget, to provide transparency in the budgeting process. This grant is restricted to the specific

uses detailed in the Student Success Act enacted by the Oregon legislature. The District, through its Strategic Investment Plan, will dedicate resources for the purposes of supporting students' health and safety, reducing class size, and increasing access to a well-rounded education.

SPECIAL REVENUE FUND

Nutrition Services

The Nutrition Services subfund is comprised of the receipts and expenditures of forty serving locations, including all 33 Bend-La Pine Schools.

Federal Law 91-248 requires a portion of the State School Support Fund to be appropriated to the Nutrition Services Fund. The amount of this subsidy is determined by a formula based on the number of student lunches served.

The Nutrition Services Fund exists as a self-balancing set of accounts and is operated in accordance with generally accepted accounting principles of special revenue funds.

The Nutrition Service Program operates within guidelines established by the US Department of Agriculture's Food Nutrition Services and the Oregon Department of Education School Nutrition Program.

LONG TERM DEBT SERVICE FUND

Represented below is the source of revenue for payments for bonds issued in 2007, 2013, 2016, 2017, 2019 and 2023. The District participated in separate refundings of the 2007 and 2013 issues in order to achieve a property tax savings for the community. These payments are made through local property tax collections.

The District also participated in three statewide issues to reduce the District's portion of the Public Employees Retirement System liability for active and retired employees. This resulted in a lowering of the rate the district is required to pay to Public Employees Retirement

System (PERS) for the future. In 2012, a portion of the PERS bonds was refinanced at a lower interest rate. The resource to pay the debt service on the pension bonds is the State School Fund.

On November 8, 2022, voters approved a measure allowing us to issue \$249.7 million in general obligation bonds to finance preservation of existing buildings, safety/security improvements and classroom additions/modernizations. The District issued \$100 million in bonds on March 2, 2023 and will issue the remaining \$149.7 million in July of 2025.

CAPITAL PROJECTS FUND

The Capital Projects fund is used to account for financial resources used, and expenditures made, to acquire or construct major capital facilities. The primary resources are proceeds from the sale of bonds.

On November 8, 2022, voters approved a measure allowing us to issue \$249.7 million in general obligation bonds to finance preservation of existing buildings, safety/security improvements and classroom additions/modernizations. The District issued \$100 million in bonds on March 2, 2023 and will issue the remaining \$149.7 million in July of 2025. The renovation of Bend Senior High School will be the largest single project. All projects are estimated to be complete by the Summer of 2028

On May 16, 2017, voters approved bonds for new schools that authorize us to issue \$268 million in general obligation bonds. The proceeds are for construction of an elementary school, a high school, and 157 safety improvement, classroom renovation, and preservation projects at our current facilities. All projects are estimated to be complete in the 2025 fiscal year.

A capital project subfund was created for the replacement of the Kenwood gym and future repairs to roofs damaged in the 2017 snow event. Resources are insurance proceeds.

TRUST FUND

The Trust Fund is used to account for monies held by the district as trustee. Most are non-expendable trusts (the principal may not be spent; only the interest may be spent). They were created when citizens donated money

to the District to provide scholarships to Bend-La Pine students. Following is a list of the multitude of trust funds contained within the Fund:

M. Thompson Memorial	Scholarship for Bend High girl attending Oregon State University
P. Obye Memorial	Mountain View High student awarded the most inspirational wrestler
Thomas G. Kirk	Scholarship for a senior lettering in a sport with high academic standing
David Coon Memorial	Bend High student with high academic standing with interest in drafting
Adrian Irwin Memorial	Bend High or Mountain View High 2-year wrestler with a 3.0 GPA (Grade Point Average)
Doug Harris Scholarship	Student involved in co-curricular activities, displaying leadership with a 3.5 GPA
Sarah Mace Memorial	Student who plans to continue education or service to their country
Ron & Gail Wilkinson Future Teacher Scholarship	Student who plans to continue education with interest in an education career
Matthew Coleman Memorial Scholarship	Student who plans to continue education with interest in pursuing higher education in music or performing arts
Hailey E. King Memorial	Summit High student with a 2.5 unweighted GPA who plans to enroll in a post-secondary educational program
Bend-La Pine Administrators and Supervisors Team	Student who plans to pursue post-secondary education/training institution
Karen J. Corwin Memorial	Mountain View orchestra student with a passion to continue music beyond high school
