

# Class of 2021

## FUTURE-FOCUSED RESOURCES

---

### NAVIGATING COLLEGE-BOUND OPTIONS

[Click HERE](#) to watch an “all-you-need-to-know-if-you-are-headed-to-college” webinar.

This College Options Webinar provides a broad overview of the necessary steps for a rising senior who wants to attend a 4-year or a 2-year college. This presentation provides the **info and requirements and timing and tools to get students into the best-fit college** for them.

### ANSWERS TO A LOT OF THINGS

Do you need to retake the ACT or SAT? Are you still unsure of your options for after high school? Desire a better understanding of financial aid? Want to get more organized? We have a **treasure trove of info** [RIGHT HERE](#) that can give you answers and get you focused for next fall.

### ELEVATE YOUR SELF AWARENESS

This year, we were able to get nearly 70% of all juniors logged onto **SCOIR.com, a website that assists students in finding schools and career opportunities that fit students’ needs and interests.** It does that via a proprietary aptitude test (in the My Profile section) that helps students identify their strengths and aptitudes and how they line up with a career and education toward that career. Please [CLICK HERE](#) to create your account (using a non-school email address) if you don’t have one. Counselors will be requiring all college-bound students to list the schools they are applying to in this platform. It is a great way to organize the application process and keep track of deadlines. Importantly, please reach out to Anita Moore [HERE](#) if you want to get a better understanding of how to fully utilize this website.

### CONNECT WITH A FUTURE CENTER MENTOR

If you have not yet been connected with a mentor, it may be that you never completed the Class of 2021 Step Into Your Future survey. If that’s the case, please scan the [QR code found here](#) on your iPad or phone, using your school email address. If you completed the survey but **have not heard from your mentor, please reach out to Anita Moore** [HERE](#).
