All students who are currently enrolled in 2021-2022 are automatically enrolled into 2022-2023. Your options will be:

- 2021-2022 Enrollments and Updating Information** - Enroll or update information for this current school year.
- 2021-2022 Current Year Attendance Change Request** - If you moved during this school year, you may request an Attendance Area Change Request (ACR) to remain at your current school.

If you would like to request an ACR for next year, your first step is to finalize your student's enrollment to the boundary school. Once that is complete, you will log back into ParentVUE and the Next Year Attendance Change Request will be an option to select from.

Policy: **New Student**

Please Read and Acknowledge the Following Information Regarding Bend-La Pine School's Attendance Area Request Policy:

- Parent/Guardian is responsible for transportation for approved ACR Students.
- Any student who is currently attending a school on an approved ACR and is *not* moving to the next educational level (i.e., elementary to middle school or middle to high school) does not need to reapply.
- Any student who would like to attend a school different from the school they are pointed to attend (based on the attendance area boundaries) must complete an ACR.
- Students who are attending on an approved ACR and are moving to the next educational level (i.e. elementary to middle school or middle school to high school) must complete a new ACR if they do not want to attend their neighborhood school at the next level.
- Students who move to another attendance area during the school year will generally be allowed to remain at the original school for the remainder of the school year. Parents must provide transportation.
- An ACR will not be granted for activity or athletic purposes. Any student wanting to participate in an OSAA sport or activity should not begin practice until the change request has been approved.
- If a student will be moving into the requested school's attendance area, proof of future residence is required (i.e., rent, receipt/agreement, copy of the earnest money deposit, utility bill/agreement.) for priority consideration.
- Sibling attendance does not automatically guarantee acceptance but is a priority consideration in the request process.
- Firm enrollment numbers are often not known until late August. In some cases, approval or non-approval notification cannot occur prior to the first day of school.
- Once an ACR is approved, the expectation is that the student will remain at the approved school for the duration of the time at each educational level (elementary, middle, and/or high school), unless there are extenuating circumstances. These requests will be escalated by district level staff.
