

K-12 Core Curriculum

SEL Curriculum Designed for Future-Ready Students

Wayfinder offers 13 years of vertically aligned, research-backed curriculum to enliven learning and help students build social-emotional competencies and future-ready skills.

Born at the world-famous K12 Innovation Lab at the Stanford University d.school, our curriculum cultivates community + engagement district-wide. Developed using the latest child and adolescent research from Dr. Bill Damon and other leaders in the field, everything we create is evidence-based, research-backed, and proven to help students grow more purposeful and engaged.

Each year of Wayfinder Curriculum is thoughtfully scope and sequenced to build upon previous lessons in a developmentally appropriate and engaging manner.

Scope + Sequence

Belonging Foundations

Building Connections Through Self-Awareness and Community

Chapter 1: Wayfinder Mindsets

In this chapter, we'll get to know each other, be introduced to the Wayfinder curriculum, and explore how we would like to be in community together.

Wayfinder's Six Core Skills for K-12

Wayfinder's research-backed Core Skills go beyond typical SEL competencies to incorporate meaning-making, critical thinking, and future-ready skills in order to connect classroom learning to the real world. They align with CASEL's evidence-based SEL framework.
