

BEND-LA PINE SCHOOLS
Administrative School District No. 1
Deschutes County, Oregon

Name: Pre-Employment Medical Exam/Drug Testing
Section: Personnel
Code: GBED-AR

ADMINISTRATIVE REGULATION

Pre-Employment Medical Exam

The district may require medical examinations after an employment offer has been made to a job candidate and before the candidate beginning his/her employment duties. Any such requirement will ensure that all entering employees in the same job category will complete a medical examination regardless of disability.

All offers of employment may be made contingent on medical examination results.

A medical doctor selected by the district will conduct medical examinations. When required the district will pay medical examination expenses.

The successful candidate must be qualified and must be able to perform the essential functions of a position with and/or without reasonable accommodations. The district may withdraw an offer of employment should the medical examination reveal that the individual does not satisfy one or more employment criteria under the following conditions:

1. The exclusionary criteria are job related and consistent with business necessity;
2. There is no reasonable accommodation that will enable the individual with a disability to perform the essential functions of the job;
3. The medical condition poses a direct threat to the health or safety of others in the workplace and cannot be eliminated or reduced to an acceptable level by a reasonable modification of policies, practices, procedures or by the provision of auxiliary aids or services;
4. The requested or necessary accommodation would impose an undue hardship on the district unless funding is available through other sources. Individuals with a disability may be offered an opportunity of paying for a portion of the costs that constitute an undue hardship or of personally providing the accommodation.

Information the district receives regarding medical examinations will be collected and maintained on separate forms and in separate files apart from personnel files. Records will be kept confidential, maintained for a minimum of one year and released only in accordance with provisions of the Americans with Disabilities Act or other law as may be applicable.

Pre-Employment Drug Testing

Offers of employment for all positions shall be contingent upon successful passage of a district required drug test. The district will designate the type of test, and when and where such testing will be conducted. The offer of employment will be withdrawn from candidates who test positive for drugs. The superintendent or designee will establish procedures to implement this policy.

All candidates preliminary selected for employment, including former employees preliminary selected for rehire, must satisfactorily complete any required drug/alcohol screening tests prior to the district presenting a final offer of Employment.

The district may consider applications from candidates who test positive after one calendar year from the date of that test or after successful completion of a drug/alcohol rehabilitation program.

Maintenance of Records

Information the district receives regarding medical exams and drug testing will be collected and maintained on separate forms and in separate files apart from personnel files. All such records will be kept confidential and released only in accordance with provisions of the Americans with Disabilities Act or other law as may be applicable.
