

Oregon achieves . . . together!

OPERATIONAL BLUEPRINT FOR SCHOOL REENTRY 2020-21

Updated 10/30/2020

Under ODE's *Ready Schools, Safe Learners* guidance, each school¹ has been directed to submit a plan to the district² in order to provide on-site and/or hybrid instruction. Districts must submit each school's plan to the local school board and make the plans available to the public. This form is to be used to document a district's, school's or program's plan to ensure students can return for the 2020-21 school year, in some form, in accordance with Executive Order 20-25(10). Schools must use the *Ready Schools, Safe Learners* guidance document as they complete their Operational Blueprint for Reentry. ODE recommends plan development be inclusive of, but not limited to, school-based administrators, teachers and school staff, health and nursing staff, association leadership, nutrition services, transportation services, tribal consultation,³ parents and others for purposes of providing expertise, developing broad understanding of the health protocols and carrying out plan implementation.

1. Please fill out information:

Please IIII out information:		
SCHOOL/DISTRICT/PROGRAM INFORMATION

Intended Effective Dates for this Plan	November 18, 2020 – June 2021 (as county/state metrics allow)	
ESD Region	HDESD	

¹ For the purposes of this guidance: "school" refers to all public schools, including public charter schools, public virtual charter schools, alternative education programs, private schools and the Oregon School for the Deaf. For ease of readability, "school" will be used inclusively to reference all of these settings.

² For the purposes of this guidance: "district" refers to a school district, education service district, public charter school sponsoring district, virtual public charter school sponsoring district, state sponsored public charter school, alternative education programs, private schools, and the Oregon School for the Deaf.

³ Tribal Consultation is a separate process from stakeholder engagement; consultation recognizes and affirms tribal rights of self-government and tribal sovereignty, and mandates state government to work with American Indian nations on a government-to-government basis.

2. Please list efforts you have made to engage your community (public health information sharing, taking feedback on planning, etc.) in preparing for school in 2020-21. Include information on engagement with communities often underserved and marginalized and those communities disproportionately impacted by COVID-19.

Bend – La Pine Schools (BLS) partnered with **Better Together** to survey families last spring about distance learning. A report was produced (available upon request) to assist BLS in identifying strengths, areas for growth and recommendations for CDL during the 2020-21 school year. That report was shared with administrators, TLC coaches and teacher teams who developed grade band Standards of Practice for so that consistency, rigor and connectiveness were priorities for the upcoming year.

District leaders took part in multiple virtual town hall meetings in July/August with certified teachers and classified staff to explain and seek input about the hybrid and CDL plans.

Our school board held virtual meetings attended by hundreds of community members to explain and seek input on re-opening plans.

Families were also invited to join Bend-La Pine Schools' educators to learn more about Comprehensive Distance Learning at elementary, middle and high schools during live town hall events. Families heard from teachers and school leaders about schedules, expectations, support and more.

Elementary:

- 6 p.m. Wednesday, Sept. 2 SPANISH
- 6 p.m. Thursday, Sept. 3 ENGLISH

Middle and High School:

- 7:30 p.m. Wednesday, Sept. 2 SPANISH
- 7:30 p.m. Thursday, Sept. 3 ENGLISH

Deschutes County Health assisted BLS in reviewing and suggesting edits to our overall Management Plan as well as our school safety teams' COVID checklist template that was the backbone of each individual school's planning process to satisfy domains 1-3 below.

Our <u>Return To School webpage</u> provides comprehensive information about our community engagement efforts and overall planning for the 2020-21 school year. It is updated regularly.

3. Indicate which instructional model will be used.

Select One:

☑ On-Site Learning ☑ Hybrid Learning ☑ Comprehensive Distance Learning

- 4. If you selected Comprehensive Distance Learning, you only have to fill out the green portion of the Operational Blueprint for Reentry (i.e., page 2 in the initial template).
- 5. If you selected On-Site Learning or Hybrid Learning, you have to fill out the blue portion of the Operational Blueprint for Reentry (i.e., pages 3-19 in the initial template) and <u>submit online</u>. (https://app.smartsheet.com/b/form/a4dedb5185d94966b1dffc75e4874c8a) by August 17, 2020 or prior to the beginning of the 2020-21 school year.

^{*} Note: Private schools are required to comply with only sections 1-3 of the *Ready Schools, Safe Learners* guidance.

REQUIREMENTS FOR COMPREHENSIVE DISTANCE LEARNING OPERATIONAL BLUEPRINT

This section must be completed by any school that is seeking to provide instruction through Comprehensive Distance Learning. For Private Schools, completing this section is optional (not required). Schools providing On-Site or Hybrid Instructional Models do not need to complete this section.

Describe why you are selecting Comprehensive Distance Learning as the school's Instructional Model for the effective dates of this plan.

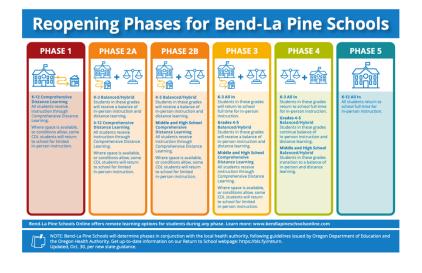

Under RSSL Version 4.0 metrics, Deschutes County did not meet metrics during the initial release of the 2-week case count (reported by ODE/OHA on November 2nd).

In completing this portion of the Blueprint you are attesting that you have reviewed the Comprehensive Distance Learning Guidance. Here is a link to the overview of CDL Requirements. Please name any requirements you need ODE to review for any possible flexibility or waiver.

BLS' collaborative work in preparation for CDL is available on our district website https://www.bend.k12.or.us/district/academics/cdl

Describe the school's plan, including the anticipated timeline, for returning to Hybrid Learning or On-Site Learning consistent with the *Ready Schools, Safe Learners* guidance.

The graphic below outlines our phased reopening plan. We will initiate Phase 2A within two weeks of favorable metrics being released.

The remainder of this operational blueprint is not applicable to schools operating a Comprehensive Distance Learning Model.

ESSENTIAL REQUIREMENTS FOR HYBRID / ON-SITE OPERATIONAL BLUEPRINT

This section must be completed by any school that is providing instruction through On-Site or Hybrid Instructional Models.

Schools providing Comprehensive Distance Learning Instructional Models do not need to complete this section unless the school is implementing the Limited In-Person Instruction provision under the Comprehensive Distance Learning guidance.

O. Health Metrics for Returning to In-Person Instruction

OPERATING WITHIN THE GENERAL METRICS

The school meets eligibility for the "Safe Harbor Clause" as they were operating with in-person instruction in compliance with previous metrics, including under any prior exceptions. <i>Unless operating under an exception in section 0d of the</i> Ready Schools, Safe Learners <i>guidance, if the school is located in a county with metrics in the "Distance Learning" column of the metrics chart, then the school must transition to distance learning by January 4, 2021.</i>
The school currently meets the General Metrics to successfully reopen for in-person instruction in an On-Site or Hybrid (On-Site and
Distance Learning) model. If this box cannot yet be checked, the school must return to Comprehensive Distance Learning but may be able to provide some in-person instruction through the exceptions noted below.
EXCEPTIONS FOR SPECIFIC IN-PERSON INSTRUCTION WHERE REQUIRED CONDITIONS ARE MET
The school currently meets the criteria required to provide limited in-person instruction (LIPI) for specific groups of students (see section
Od(1) of the <i>Ready Schools, Safe Learners</i> guidance).
The school is small and remote (enrollment ≤75) and the LPHA has established that the school currently meets the criteria required for small remote schools (see section 0d(2) of the <i>Ready Schools, Safe Learners</i> guidance).
The school currently meets the conditions required for to provide in-person instruction under the low population density, large population county exception (see section 0d(3) of the <i>Ready Schools, Safe Learners</i> guidance).
The school is eligible for an emergency waiver for in-person instruction due to the impact of wildfires (see section 0d(4) of the <i>Ready Schools, Safe Learners</i> guidance).

1. Public Health Protocols

1a. COMMUNICABLE DISEASE MANAGEMENT PLAN FOR COVID-19 **OHA/ODE Requirements Hybrid/Onsite Plan** ☐ Implement measures to limit the spread of COVID-19 within the Bend – La Pine school district: school setting. ☐ Update written Communicable Disease Management Plan to 5th largest school district in Oregon specifically address the prevention of the spread of COVID-19. 33 schools, plus two charter schools Examples are located in the Oregon School Nurses Association 18,375 students (OSNA) COVID-19 Toolkit. 2,005 staff members (Second Largest Employer in Central ☐ Designate a person at each school to establish, implement and enforce physical distancing requirements, consistent with this 1,600 square miles make up the Bend-La Pine Schools guidance and other guidance from OHA. attendance area ☐ Include names of the LPHA staff, school nurses, and other medical experts who provided support and resources to the district/school policies and plans. Review relevant local, state, and national Due to our size, we decided to coordinated the majority of our evidence to inform plan. blueprint planning into one document. The BLS Operational Blueprint ☐ Process and procedures established to train all staff in sections 1 -Management Plan for COVID and supporting documents (like the 3 of the *Ready Schools, Safe Learners* guidance. Consider Communicable Disease Plan, our District Cleaning Protocols and the conducting the training virtually, or, if in-person, ensure physical Exclusion & Quarantine Flow Chart) can be accessed on our Return To distancing is maintained to the maximum extent possible. School webpage in the right hand column (see screenshot below) ☐ Protocol to notify the local public health authority (<u>LPHA Directory</u> by County) of any confirmed COVID-19 cases among students or ☐ Plans for systematic disinfection of classrooms, offices, bathrooms and activity areas. ☐ Process to report to the LPHA any cluster of any illness among staff or students. ☐ Protocol to cooperate with the LPHA recommendations. ☐ Provide all logs and information to the LPHA in a timely manner.

	Ready Schools, Safe Learners guidance).	
	1b. HIGH-RISK	POPULATIONS

OH	A/ODE Requirements	Hybrid/Onsite Plan
	Serve students in high-risk population(s) whether learning is happening through On-Site, Hybrid (partially On-Site and partially	BLS Special Program director and staff have designed procedures for addressing the needs of our medically fragile, complex and nursing-
	Comprehensive Distance Learning models), or Comprehensive	dependent students
	Distance Learning models.	
Me	dically Fragile, Complex and Nursing-Dependent Student	
Req	uirements	
	All districts must account for students who have health conditions	
	that require additional nursing services. Oregon law (ORS 336.201)	
	defines three levels of severity related to required nursing services:	
	 Medically Complex: Are students who may have an unstable health condition and who may require daily professional nursing services. 	

OHA	\/OD	E Requirements	Hybrid/Onsite Plan
	2.	Medically Fragile: Are students who may have a life-	
		threatening health condition and who may require	
		immediate professional nursing services.	
	3.	Nursing-Dependent: Are students who have an unstable or	
		life-threatening health condition and who require daily,	
		direct, and continuous professional nursing services.	
		f and school administrators, in partnership with school nurses,	
		ther school health providers, should work with	
		rdisciplinary teams to address individual student needs. The	
		ool registered nurse (RN) is responsible for nursing care	
		rided to individual students as outlined in ODE guidance and	
	state	e law:	
	•	Communicate with parents and health care providers to	
		determine return to school status and current needs of the	
		student.	
	•	Coordinate and update other health services the student may	
		be receiving in addition to nursing services. This may include	
		speech language pathology, occupational therapy, physical	
		therapy, as well as behavioral and mental health services.	
	•	Modify Health Management Plans, Care Plans, IEPs, or 504 or	
		other student-level medical plans, as indicated, to address current health care considerations.	
		The RN practicing in the school setting should be supported to	
	•	remain up to date on current guidelines and access	
		professional support such as evidence-based resources from	
		the Oregon School Nurses Association.	
	•	Service provision should consider health and safety as well as	
		legal standards.	
	•	Appropriate medical-grade personal protective equipment	
		(PPE) should be made available to <u>nurses and other health</u>	
		providers.	
	•	Work with an interdisciplinary team to meet requirements of	
		ADA and FAPE.	
	•	High-risk individuals may meet criteria for exclusion during a	
		local health crisis.	
	•	Refer to updated state and national guidance and resources	
		such as:

1c. PHYSICAL DISTANCING

OHA/ODE Requirements ☐ Establish a minimum of 35 square feet per person when determining room capacity. Calculate only with usable classroom space, understanding that desks and room set-up will require use

Hybrid/Onsite Plan

Each school's safety team is completing a COVID-19 checklist to ensure compliance with all 1-3 domains and based upon the unique floorplan, grade levels and culture within each building.

OHA/ODE Requirements	Hybrid/Onsite Plan	
of all space in the calculation. This also applies for professional		
development and staff gatherings.	The school team will make a copy of <u>School Safety Team COVID-19</u>	
☐ Support physical distancing in all daily activities and instruction,	Checklist, fill it out and upload it to a shared google folder for the	
maintaining six feet between individuals to the maximum extent	district safety team to review. The google drive will be shared	
possible.	internally and with the Deschutes County Health Department.	
☐ Minimize time standing in lines and take steps to ensure that six		
feet of distance between students is maintained, including marking	In addition, each School's Safety Team COVID-19 Checklist will be	
spacing on floor, one-way traffic flow in constrained spaces, etc.	uploaded to the RTS website for public access.	
☐ Schedule modifications to limit the number of students in the		
building (e.g., rotating groups by days or location, staggered		
schedules to avoid hallway crowding and gathering).		
☐ Plan for students who will need additional support in learning how		
to maintain physical distancing requirements. Provide instruction;		
don't employ punitive discipline.		
☐ Staff must maintain physical distancing during all staff meetings		
and conferences, or consider remote web-based meetings.		
1d. COHORTING		

OH/	A/ODE Requirements	Hybrid/Onsite Plan
	 Where feasible, establish stable cohorts: groups shall be no larger than can be accommodated by the space available to provide 35 square feet per person, including staff. The smaller the cohort, the less risk of spreading disease. As cohort groups increase in size, the risk of spreading disease 	Each school's safety team is completing a COVID-19 checklist to ensure compliance with all 1-3 domains and based upon the unique floorplan, grade levels and culture within their building.
	increases.	In hybrid, average cohort sizes will be:
	Students cannot be part of any single cohort, or part of multiple cohorts that exceed a total of 100 people within the educational week. Schools must plan to limit cohort sizes to allow for efficient contact-tracing and minimal risk for exposure. Cohorts may change	ES: 15-25 people MS: 45-55 people HS: 75-85 people
	week-to-week, but must be stable within the educational week.	
	Each school must have a system for daily logs to ensure contract	If K-3 were to go all-in, cohort sizes would rise to approximately 67
	tracing among the cohort (see section 1a of the <i>Ready Schools</i> ,	students per grade level.
	Safe Learners guidance). Minimize interaction between students in different stable cohorts	
	(e.g., access to restrooms, activities, common areas). Provide access to All Gender/Gender Neutral restrooms.	
	Cleaning and disinfecting surfaces (e.g., desks, door handles, etc.) must be maintained between multiple student uses, even in the same cohort.	
	Design cohorts such that all students (including those protected	
	under ADA and IDEA) maintain access to general education, grade-	
	level academic content standards, and peers.	
	Staff who interact with multiple stable cohorts must wash/sanitize	
	their hands between interactions with different stable cohorts.	

1e. PUBLIC HEALTH COMMUNICATION

	16. PUBLIC HEALTH COMMUNICATION		
OHA/ODE Requirements		Hybrid/Onsite Plan	
	Communicate to staff at the start of On-Site instruction and at periodic intervals explaining infection control measures that are being implemented to prevent spread of disease.	Sample communication templates have been developed and stored in a shared google drive.	
	Develop protocols for communicating with students, families and staff who have come into close contact with a person who has COVID-19. • The definition of exposure is being within 6 feet of a person who has COVID-19 for at least 15 cumulative minutes in a day.		
	Develop protocols for communicating immediately with staff, families, and the school community when a new case(s) of COVID-19 is diagnosed in students or staff members, including a description of how the school or district is responding.		
	Provide all information in languages and formats accessible to the school community.		

1f. ENTRY AND SCREENING

OHA/ODE Requirements Hybrid/Onsite Plan Direct students and staff to stay home if they, or anyone in their Our paper and digital check-in procedures for staff require them to homes or community living spaces, have COVID-19 symptoms, or if acknowledge: anyone in their home or community living spaces has COVID-19. 1. In the past 24 hours I have not had any symptoms of COVID-19 including: cough, COVID-19 symptoms are as follows: fever of 100.4° or greater, chills, shortness of breath or difficulty breathing, sore Primary symptoms of concern: cough, fever (temperature of throat, muscle pain, new loss of taste or smell, nausea, vomiting, diarrhea, nasal 100.4°F or higher) or chills, shortness of breath, difficulty congestion or runny nose. breathing, or new loss of taste or smell. 2. I have not taken any fever reducing medication in the last 24 hours to treat a fever. Note that muscle pain, headache, sore throat, diarrhea, 3. I have not tested positive for COVID-19 in the past 10 days. nausea, vomiting, new nasal congestion, and runny nose are 4. I have not been in close contact with someone with COVID-19 or with someone also symptoms often associated with COVID-19. More who is awaiting COVID-19 test results recommended by a health care professional or information about COVID-19 symptoms is available from CDC. health department in the past 14 days. In addition to COVID-19 symptoms, students must be 5. I will wash my hands or use approved hand sanitizer (if hand washing not available) upon entry and exit of the building. excluded from school for signs of other infectious diseases, 6. I understand that I must wear a face covering at all times while in the building per existing school policy and protocols. See pages 9-11 of unless I am eating, drinking or am in my enclosed office work space by myself. OHA/ODE Communicable Disease Guidance for Schools. Emergency signs that require immediate medical attention: Each school's safety team is completing a COVID-19 checklist to Trouble breathing ensure compliance with all 1-3 domains and based upon the unique Persistent pain or pressure in the chest floorplan, grade levels and culture within their building. New confusion or inability to awaken Bluish lips or face (lighter skin); greyish lips or face (darker skin) Other severe symptoms 0 ☐ Screen all students and staff for symptoms on entry to bus/school every day. This can be done visually and/or with confirmation from a parent/caregiver/guardian. Staff members can self-screen and attest to their own health. Anyone displaying or reporting the primary symptoms of concern must be isolated (see section 1i of the Ready Schools, Safe Learners guidance) and sent home as soon as possible. See table "Planning for COVID-19 Scenarios in Schools." Additional guidance for nurses and health staff. ☐ Follow LPHA advice on restricting from school any student or staff known to have been exposed (e.g., by a household member) to COVID-19. See table "Planning for COVID-19 Scenarios in Schools." ☐ Staff or students with a chronic or baseline cough that has worsened or is not well-controlled with medication must be excluded from school. Do not exclude staff or students who have other symptoms that are chronic or baseline symptoms (e.g., asthma, allergies, etc.) from school. ☐ Hand hygiene on entry to school every day: wash with soap and water for 20 seconds or use an alcohol-based hand sanitizer with 60-95% alcohol.

1g. VISITORS/VOLUNTEERS

OH.	A/ODE Requirements	Hybrid/Onsite Plan	
	Restrict non-essential visitors/volunteers.	Each school's safety team is completing a COVID-19 checklist to	
	• Examples of essential visitors include: DHS Child Protective	ensure compliance with all 1-3 domains and based upon the unique	
	Services, Law Enforcement, etc.	floorplan, grade levels and culture within their building.	
	• Examples of non-essential visitors/volunteers include: Parent		
	Teacher Association (PTA), classroom volunteers, etc.		
	Screen all visitors/volunteers for symptoms upon every entry.		
	Restrict from school property any visitor known to have been		
	exposed to COVID-19. See table "Planning for COVID-19 Scenarios		
	in Schools."		
	Visitors/volunteers must wash or sanitize their hands upon entry		
	and exit.		
	Visitors/volunteers must maintain six-foot distancing, wear face		
	coverings, and adhere to all other provisions of this guidance		

1h. FACE COVERINGS, FACE SHIELDS, AND CLEAR PLASTIC BARRIERS

OHA/ODE Requirements **Hybrid/Onsite Plan** Face coverings or face shields for all staff, contractors, other Each school's safety team is completing a COVID-19 checklist to service providers, visitors or volunteers following CDC guidelines ensure compliance with all 1-3 domains and based upon the unique for Face Coverings. Individuals may remove their face coverings floorplan, grade levels and culture within their building. while working alone in private offices. Face shields are an acceptable alternative when a person has a medical condition that BLS has adopted a more stringent face mask requirement. prevents them from wearing a mask or face covering, when people Mask Policy (Restrictions on Face Shield Use): A cloth, paper, or disposable face need to see mouth and tongue motions in order to communicate, mask (without valves) that covers the nose and the mouth is the requirement for all BLS or when an individual is speaking to an audience for a short period students and staff with some exceptions. When exceptions apply, a face shield is permissible, but other safety practices should be implemented, such as maintaining more of time and clear communication is otherwise not possible. than 6 feet of social distancing and/or added ventilation of fresh air. ☐ Face coverings or face shields for all students in grades The exceptions are: Kindergarten and up following CDC guidelines for Face Coverings. For provisions applicable to staff/students protected by ADA or IDEA Face shields are an acceptable alternative when a student has a Bus drivers when actively driving and operating the bus (no mask/shield medical condition that prevents them from wearing a mask or face C For specific and time-limited instructional needs such as speech and covering, or when people need to see the student's mouth and language, LIPS reading group, ELL lessons or other examples when viewing tongue motions in order to communicate. a teacher's or student's mouth is essential to that portion of the lesson. As soon as possible within the lesson, masks should replace the shields; ☐ Face coverings should be worn both indoors and outdoors, For younger children moving into in-person education who exhibit severe emotional dysregulation when wearing a mask. Staff should employ including during outdoor recess. strategies to transition them from shields into mask wearing: mindfulness ☐ Group mask breaks" or "full classroom mask breaks" are not exercises, increase in the frequency of outdoor mask breaks, and other allowed. If a student removes a face covering, or demonstrates a trauma-informed best practices. People who are deaf or hard of hearing, or those who care for or interact with need to remove the face covering for a short-period of time: a person who is hearing impaired. Provide space away from peers while the face covering is Other time-limited exceptions of short durations may be made with administrative knowledge. removed. In the classroom setting, an example could be a A cloth mask with a clear panel is an acceptable option, as is the use of a shield over a designated chair where a student can sit and take a 15 minute mask for added protection "sensory break;" Students must not be left alone or unsupervised; Individuals working in a private, single use workspace and outside workers who can maintain at least 6 feet of physical distancing do not need to wear a mask or shield. Designated area or chair must be appropriately distanced from other students and of a material that is easily wiped down for disinfection after each use; The above language is subject to revisions and will be communicated to our staff and community should that occur and be publicly posted Provide additional instructional supports to effectively wear a on our RTS website. face covering; Provide students adequate support to re-engage in safely wearing a face covering; Students cannot be discriminated against or disciplined for an inability to safely wear a face covering during the school day. ☐ Face masks for school RNs or other medical personnel when providing direct contact care and monitoring of staff/students displaying symptoms. School nurses shall also wear appropriate Personal Protective Equipment (PPE) for their role. Additional guidance for nurses and health staff. Protections under the ADA or IDEA: ☐ If any student requires an accommodation to meet the requirement for face coverings, districts and schools must limit the student's proximity to students and staff to the extent possible to minimize the possibility of exposure. Appropriate accommodations could include: Offering different types of face coverings and face shields that may meet the needs of the student. Spaces away from peers while the face covering is removed; students must not be left alone or unsupervised. Short periods of the educational day that do not include wearing the face covering, while following the other health strategies to reduce the spread of disease. Additional instructional supports to effectively wear a face ☐ For students with existing medical conditions and a physician's orders to not wear face coverings, or other health related concerns, schools/districts must not deny any in-person instruction. Schools and districts must comply with the established IEP/504

plan prior to the closure of in-person instruction in March of 2020,

JHA	A/ODE Requirements	Hybrid/Onsite Plan	
	or the current plan in effect for the student if appropriately		
	developed after March of 2020.		
	• If a student eligible for, or receiving services under a 504/IEP,		
	cannot wear a face covering due to the nature of the		
	disability, the school or district must:		
	1. Review the 504/IEP to ensure access to instruction in a		
	manner comparable to what was originally established in		
	the student's plan including on-site instruction with		
	accommodations or adjustments.		
	2. Not make placement determinations solely on the inability		
	to wear a face covering.		
	3. Include updates to accommodations and modifications to		
	support students in plans.		
	 For students protected under ADA/IDEA, who abstain from 		
	wearing a face covering, or students whose families		
	determine the student will not wear a face covering, the		
	school or district must:		
	1. Review the 504/IEP to ensure access to instruction in a		
	manner comparable to what was originally established in		
	the student's plan.		
	2. The team must determine that the disability is not		
	prohibiting the student from meeting the requirement.		
	If the team determines that the disability is prohibiting		
	the student from meeting the requirement, follow the		
	requirements for students eligible for, or receiving		
	services under, a 504/IEP who cannot wear a face		
	covering due to the nature of the disability,		
	If a student's 504/IEP plan included Compared to the content of the plan included to the content of the content of the plan included to the content of the content		
	supports/goals/instruction for behavior or social		
	emotional learning, the school team must evaluate the		
	student's plan prior to providing instruction through		
	Comprehensive Distance Learning.		
	3. Hold a 504/IEP meeting to determine equitable access to		
	educational opportunities which may include limited in- person instruction, on-site instruction with		
	accommodations, or Comprehensive Distance Learning.		
	For students not currently served under an IEP or 504, districts		
Ш	must consider whether or not student inability to consistently		
	wear a face covering or face shield as required is due to a		
	disability. Ongoing inability to meet this requirement may be		
	evidence of the need for an evaluation to determine eligibility for		
	support under IDEA or Section 504.		
	If a staff member requires an accommodation for the face covering		
	or face shield requirements, districts and schools shall work to		
	limit the staff member's proximity to students and staff to the		
	extent possible to minimize the possibility of exposure.		
	· · ·		
	1: ICOLATION AND QUADANTINE		

1i. ISOLATION AND QUARANTINE		
OHA/ODE Requirements	Hybrid/Onsite Plan	
 Protocols for exclusion and isolation for sick students and staff whether identified at the time of bus pick-up, arrival to school, or at any time during the school day. 	Each school's safety team is completing a COVID-19 checklist to ensure compliance with all 1-3 domains and based upon the unique floorplan, grade levels and culture within their building.	
 Protocols for screening students, as well as exclusion and isolation protocols for sick students and staff identified at the time of arrival or during the school day. Work with school nurses, health care providers, or other staff with expertise to determine necessary modifications to areas where staff/students will be isolated. If two students present COVID-19 symptoms at the same time, they must be isolated at once. If separate rooms are not available, ensure that six 		

DHA	/ODE Requirements	Hybrid/Onsite Plan
	feet distance is maintained. Do not assume they have the	
	same illness.	
	Consider required physical arrangements to reduce risk of	
	disease transmission.	
	Plan for the needs of generally well students who need	
	medication or routine treatment, as well as students who	
	may show signs of illness.	
	Additional guidance for nurses and health staff for providing	
	care to students with complex needs.	
	Students and staff who report or develop symptoms must be	
	isolated in a designated isolation area in the school, with adequate	
	space and staff supervision and symptom monitoring by a school	
	nurse, other school-based health care provider or school staff until	
	they are able to go home. Anyone providing supervision and	
	symptom monitoring must wear appropriate face covering or face	
	shields.	
	 School nurse and health staff in close contact with 	
	symptomatic individuals (less than 6 feet) must wear a	
	medical-grade face mask. Other Personal Protective	
	Equipment (PPE) may be needed depending on symptoms	
	and care provided. Consult a nurse or health care professional	
	regarding appropriate use of PPE. Any PPE used during care of	
	a symptomatic individual must be properly removed and	
	disposed of prior to exiting the care space.	
	After removing PPE, hands shall be immediately cleaned with	
	soap and water for at least 20 seconds. If soap and water are	
	not available, hands can be cleaned with an alcohol-based	
	hand sanitizer that contains 60-95% alcohol.	
	If able to do so safely, a symptomatic individual shall wear a	
	face covering.	
	To reduce fear, anxiety, or shame related to isolation, provide a clear evaluation of precedures, including use of RDF and	
	a clear explanation of procedures, including use of PPE and handwashing.	
	Establish procedures for safely transporting anyone who is sick to	
ш	their home or to a health care facility.	
	Staff and students who are ill must stay home from school and	
	must be sent home if they become ill at school, particularly if they	
	have COVID-19 symptoms. Refer to table in "Planning for COVID-	
	19 Scenarios in Schools."	
	Involve school nurses, School Based Health Centers, or staff with	
	related experience (Occupational or Physical Therapists) in	
	development of protocols and assessment of symptoms (where	
	staffing exists).	
	Record and monitor the students and staff being isolated or sent	
_	home for the LPHA review.	

2. Facilities and School Operations

Some activities and areas will have a higher risk for spread (e.g., band, choir, science labs, locker rooms). When engaging in these activities within the school setting, schools will need to consider additional physical distancing or conduct the activities outside (where feasible). Additionally, schools should consider sharing explicit risk statements for instructional and extra-curricular activities requiring additional considerations (see section 5f of the *Ready Schools, Safe Learners* guidance).

OH/	A/ODE Requirements	Hybrid/Onsite Plan
	Enroll all students (including foreign exchange students) following the standard Oregon Department of Education guidelines. The temporary suspension of the 10-day drop rule does not	Our district synergy team has shared documentation and conducted training with office managers, attendance and counseling secretaries regarding enrollment practices aligned to section 2.
	 change the rules for the initial enrollment date for students: The ADM enrollment date for a student is the first day of the student's actual attendance. A student with fewer than 10 days of absence at the beginning of the school year may be counted in membership prior to the first day of attendance, but not prior to the first calendar day of the school year. 	School and district Family Connections teams will be developing outreach protocols for students disengaged from learning.
	 If a student does not attend during the first 10 session days of school, the student's ADM enrollment date must reflect the student's actual first day of attendance. Students who were anticipated to be enrolled, but who do not attend at any time must not be enrolled and submitted in ADM. 	
	If a student has stopped attending for 10 or more days, districts must continue to try to engage the student. At a minimum, districts must attempt to contact these students and their families weekly to either encourage attendance or receive confirmation that the student has transferred or has withdrawn from school. This includes students who were scheduled to start the school year, but who have not yet attended.	
	When enrolling a student from another school, schools must request documentation from the prior school within 10 days of enrollment per OAR 581-021-0255 to make all parties aware of the transfer. Documentation obtained directly from the family does not relieve the school of this responsibility. After receiving documentation from another school that a student has enrolled, drop that student from your roll.	
	Design attendance policies to account for students who do not attend in-person due to student or family health and safety concerns.	
	When a student has a pre-excused absence or COVID-19 absence, the school district must reach out to offer support at least weekly until the student has resumed their education.	
	When a student is absent beyond 10 days and meets the criteria for continued enrollment due to the temporary suspension of the 10 day drop rule, continue to count them as absent for those days and include those days in your Cumulative ADM reporting.	
	2b. ATTE	NDANCE

(Note: Section 2b does not apply to private schools.)

ОН	A/ODE Requirements	Hybrid/Onsite Plan
	Grades K-5 (self-contained): Attendance must be taken at least once per day for all students enrolled in school, regardless of the instructional model (On-Site, Hybrid, Comprehensive Distance Learning, online schools).	A CDL/hybrid attendance document has been shared with building administrators, teachers and front office staff so accurate engagement is being tracked on a daily basis
	Grades 6-12 (individual subject): Attendance must be taken at least once for each scheduled class that day for all students enrolled in school, regardless of the instructional model (On-Site, Hybrid, Comprehensive Distance Learning, online schools).	
	Alternative Programs: Some students are reported in ADM as enrolled in a non-standard program (such as tutorial time), with hours of instruction rather than days present and days absent. Attendance must be taken at least once for each scheduled interaction with each student, so that local systems can track the student's attendance and engagement. Reported hours of instruction continue to be those hours in which the student was present.	

OHA	A/ODE Requirements	Hybrid/Onsite Plan
	Online schools that previously followed a two check-in per week	
	attendance process must follow the Comprehensive Distance	
	Learning requirements for checking and reporting attendance.	
	Provide families with clear and concise descriptions of student	
	attendance and participation expectations as well as family	
	involvement expectations that take into consideration the home	
	environment, caregiver's work schedule, and mental/physical	
	health.	
011		NOLOGY

	Safe Learners guidance).	
	Procedures for return, inventory, updating, and redistributing	
	district-owned devices must meet physical distancing	
	requirements.	
	2d. SCHOOL SPECIFIC FUNC	CTIONS/FACILITY FEATURES
OH/	A/ODE Requirements	Hybrid/Onsite Plan
	Handwashing: All people on campus shall be advised and	Each school's safety team is completing a COVID-19 checklist to
	encouraged to frequently wash their hands or use hand sanitizer.	ensure compliance with all 1-3 domains and based upon the unique
	Equipment: Develop and use sanitizing protocols for all equipment	floorplan, grade levels and culture within their building.
	used by more than one individual or purchase equipment for	
	individual use.	
	Events: Cancel, modify, or postpone field trips, assemblies, athletic	
	events, practices, special performances, school-wide parent	
	meetings and other large gatherings to meet requirements for	
	physical distancing.	
	Transitions/Hallways: Limit transitions to the extent possible.	
	Create hallway procedures to promote physical distancing and	
	minimize gatherings.	
	Personal Property: Establish policies for personal property being	
	brought to school (e.g., refillable water bottles, school supplies,	
	headphones/earbuds, cell phones, books, instruments, etc.). If	
	personal items are brought to school, they must be labeled prior to	
	entering school and use shall be limited to the item owner.	
		ND DISMISSAL
OHA	A/ODE Requirements	Hybrid/Onsite Plan
	Physical distancing, stable cohorts, square footage, and cleaning	Each school's safety team is completing a COVID-19 checklist to
	requirements must be maintained during arrival and dismissal	ensure compliance with all 1-3 domains and based upon the unique
	procedures.	floorplan, grade levels and culture within their building.
	Create schedule(s) and communicate staggered arrival and/or	
	dismissal times.	
	Assign students or cohorts to an entrance; assign staff member(s)	
	to conduct visual screenings (see section 1f of the <i>Ready Schools, Safe Learners</i> guidance).	
\Box	Ensure accurate sign-in/sign-out protocols to help facilitate	
	contact tracing by the LPHA. Sign-in procedures are not a	
	replacement for entrance and screening requirements. Students	
	entering school after arrival times must be screened for the	
	primary symptoms of concern.	
	Eliminate shared pen and paper sign-in/sign-out sheets.	
	 Ensure hand sanitizer is available if signing children in or out 	
	on an electronic device.	
	Ensure alcohol-based hand sanitizer (with 60-95% alcohol)	
	dispensers are easily accessible near all entry doors and other	
	high-traffic areas. Establish and clearly communicate procedures	
	for keeping caregiver drop-off/pick-up as brief as possible.	

2f. CLASSROOMS/REPURPOSED LEARNING SPACES

ÓН	IA/ODE Requirements	Hybrid/Onsite Plan
	Seating: Rearrange student desks and other seat spaces so that staff and students' physical bodies are six feet apart to the maximum extent possible while also maintaining 35 square feet per person; assign seating so students are in the same seat at all times.	Each school's safety team is completing a COVID-19 checklist to ensure compliance with all 1-3 domains and based upon the unique floorplan, grade levels and culture within their building. Maximum occupancy signs have been posted at all classrooms and
	Materials: Avoid sharing of community supplies when possible (e.g., scissors, pencils, etc.). Clean these items frequently. Provide hand sanitizer and tissues for use by students and staff.	based upon measurements provided by the district.
	 Handwashing: Remind students (with signage and regular verbal reminders from staff) of the utmost importance of hand hygiene and respiratory etiquette. Respiratory etiquette means covering coughs and sneezes with an elbow or a tissue. Tissues shall be disposed of in a garbage can, then hands washed or sanitized immediately. Wash hands with soap and water for 20 seconds or use an alcohol-based hand sanitizer with 60-95% alcohol. 	

2g. PLAYGROUNDS, FIELDS, RECESS, BREAKS, AND RESTROOMS

OH.	A/ODE Requirements	Hybrid/Onsite Plan
	Keep school playgrounds closed to the general public until park	Each school's safety team is completing a COVID-19 checklist to
	playground equipment and benches reopen in the community (see	ensure compliance with all 1-3 domains and based upon the unique
	Oregon Health Authority's Specific Guidance for Outdoor	floorplan, grade levels and culture within their building.
	Recreation Organizations).	
	After using the restroom students must wash hands with soap and	
	water for 20 seconds. Soap must be made available to students	
	and staff.	
	Before and after using playground equipment, students must wash	
	hands with soap and water for 20 seconds or use an alcohol-based	
	hand sanitizer with 60-95% alcohol.	
	Designate playground and shared equipment solely for the use of	
	one cohort at a time. Outdoor playground structures require	
	normal routine cleaning and do not require disinfection. Shared	
	equipment (balls, jump ropes, etc.) should be cleaned and	
	disinfected at least daily in accordance with <u>CDC guidance</u> .	
	Cleaning requirements must be maintained (see section 2j of the	
	Ready Schools, Safe Learners guidance).	
	Maintain physical distancing requirements, stable cohorts, and	
	square footage requirements.	
	Provide signage and restrict access to outdoor equipment	
	(including sports equipment, etc.).	
	Design recess activities that allow for physical distancing and	
	maintenance of stable cohorts.	
	Clean all outdoor equipment at least daily or between use as much	
	as possible in accordance with CDC guidance.	
	Limit staff rooms, common staff lunch areas, elevators and	
	workspaces to single person usage at a time, maintaining six feet	
	of distance between adults.	

2h. MEAL SERVICE/NUTRITION

OHA/ODE Requirements		Hybrid/Onsite Plan
	Include meal services/nutrition staff in planning for school reentry.	Each school's safety team is completing a COVID-19 checklist to
	Prohibit self-service buffet-style meals.	ensure compliance with all 1-3 domains and based upon the unique
	Prohibit sharing of food and drinks among students and/or staff.	floorplan, grade levels and culture within their building.
	At designated meal or snack times, students may remove their	
	face coverings to eat or drink but must maintain six feet of physical	

OHA/ODE Requirements	Hybrid/Onsite Plan
distance from others, and must put face coverings back on after finishing the meal or snack.	Nutritional services met with each building principal to discuss meal planning at their site.
 Staff serving meals and students interacting with staff at mealtimes must wear face coverings (see section 1h of the <i>Ready Schools, Safe Learners</i> guidance). 	
Students must wash hands with soap and water for 20 seconds or use an alcohol-based hand sanitizer with 60-95% alcohol before meals and shall be encouraged to do so after.	
Appropriate daily cleaning of meal items (e.g., plates, utensils, transport items).	
☐ Cleaning and sanitizing of meal touch-points and meal counting system between stable cohorts.	
☐ Adequate cleaning and disinfection of tables between meal periods.	
☐ Since staff must remove their face coverings during eating and drinking, staff must eat snacks and meals independently, and not in staff rooms when other people are present. Consider staggering times for staff breaks, to prevent congregation in shared spaces.	
2i. TRANSF	PORTATION
OHA/ODE Requirements	Hybrid/Onsite Plan
 Include transportation departments (and associated contracted providers, if used) in planning for return to service. 	Our operations director worked directly with our transportation supervisor to ensure compliance with these requirements.

OH.	A/ODE Requirements	Hybrid/Onsite Plan
	Include transportation departments (and associated contracted	Our operations director worked directly with our transportation
	providers, if used) in planning for return to service.	supervisor to ensure compliance with these requirements.
	Buses are cleaned frequently. Conduct targeted cleanings between	
	routes, with a focus on disinfecting frequently touched surfaces of	
	the bus (see section 2j of the <i>Ready Schools, Safe Learners</i>	
	guidance).	
	Staff must use hand sanitizer (containing between 60-95% alcohol)	
	in between helping each child and when getting on and off the	
	vehicle. Gloves are not recommended; hand sanitizer is strongly	
	preferred. If hand sanitizer is not available, disposable gloves can	
	be used and must be changed to a new pair before helping each	
	child.	
	Develop protocol for loading/unloading that includes visual	
	screening for students exhibiting symptoms and logs for contact-	
	tracing. This must be done at the time of arrival and departure.	
	 If a student displays COVID-19 symptoms, provide a face 	
	covering (unless they are already wearing one) and keep six	
	feet away from others. Continue transporting the student.	
	The symptomatic student shall be seated in the first row	
	of the bus during transportation, and multiple windows	
	must be opened to allow for fresh air circulation, if	
	feasible.	
	The symptomatic student shall leave the bus first. After If the death switches have the seat and surrounding.	
	all students exit the bus, the seat and surrounding surfaces must be cleaned and disinfected.	
	If arriving at school, notify staff to begin isolation measures. If transporting for dismissal and the student displays are student displays.	
	 If transporting for dismissal and the student displays an onset of symptoms, notify the school. 	
	Consult with parents/guardians of students who may require	
	additional support (e.g., students who experience a disability and	
	require specialized transportation as a related service) to	
	appropriately provide service.	
	Drivers must wear masks or face coverings while driving, unless	
	the mask or face covering interferes with the driver's vision (e.g.,	
	fogging of eyeglasses). Drivers must wear face coverings when not	
	actively driving and operating the bus, including while students are	
	entering or exiting the vehicle. A face shield may be an acceptable	
	alternative, as stated in Section 1h of the <i>Ready Schools, Safe</i>	
	Learners guidance.	

	A/ODE Requirements	Hybrid/Onsite Plan
Ш	Inform parents/guardians of practical changes to transportation	
	service (i.e., physical distancing at bus stops and while	
	loading/unloading, potential for increased route time due to	
_	additional precautions, sanitizing practices, and face coverings).	
	Face coverings or face shields for all students in grades	
	Kindergarten and up following <u>CDC guidelines</u> applying the	
	guidance in section 1h of the <i>Ready Schools, Safe Learners</i>	
	guidance to transportation settings.	
	O' OLEANING DISINEES	TION AND VENTUATION
011		TION, AND VENTILATION

	extent possible. Schools that do not have mechanical ventilation	, ,
	systems shall, to the extent possible, increase natural ventilation	In addition to this we are going to operate our systems 1 hour prior to
	by opening windows and interior doors before students arrive and	the start of school and 1 hour after school is out.
	after students leave, and while students are present. Do not prop	
	open doors that can pose a safety or security risk to students and	
	staff (e.g., exterior doors and fire doors that must remain closed).	
	Consider running ventilation systems continuously and changing	
	the filters more frequently. Do <u>not</u> use fans if they pose a safety or	
	health risk, such as increasing exposure to pollen/allergies or	
	exacerbating asthma symptoms. Consider using window fans or	
	box fans positioned in open windows to blow fresh outdoor air	
	into the classroom via one window, and indoor air out of the	
	classroom via another window. Fans must not be used in rooms	
	with closed windows and doors, as this does not allow for fresh air	
	to circulate.	
	Consider the need for increased ventilation in areas where	
	students with special health care needs receive medication or	
	treatments.	
	Facilities must be cleaned and disinfected at least daily to prevent	
	transmission of the virus from surfaces (see <u>CDC's guidance on</u>	
	disinfecting public spaces).	
	Consider modification or enhancement of building ventilation	
	where feasible (see <u>CDC's guidance on ventilation and filtration</u>	
	and American Society of Heating, Refrigerating, and Air-	
	Conditioning Engineers' guidance).	
	Clean, sanitize, and disinfect frequently touched surfaces (e.g.	
	door handles, sink handles, drinking fountains, transport vehicles)	
	and shared objects (e.g., toys, games, art supplies) between uses	
	multiple times per day. Maintain clean and disinfected (CDC

		RESIDENTIAL PROGRAMS ONLY
OHA	y/ODE Requirements Provide specific plan details and adjustments in Operational	Hybrid/Onsite Plan
	 Blueprints that address staff and student safety, which includes how you will approach: Contact tracing The intersection of cohort designs in residential settings (by wing or common restrooms) with cohort designs in the instructional settings. The same cohorting parameter limiting total cohort size to 100 people applies. Quarantine of exposed staff or students Isolation of infected staff or students Communication and designation of where the "household" or "family unit" applies to your residents and staff Review and take into consideration CDC guidance for shared or congregate housing: Not allow more than two students to share a residential dorm room unless alternative housing arrangements are impossible 	
	 Ensure at least 64 square feet of room space per resident Reduce overall residential density to ensure sufficient space for the isolation of sick or potentially infected individuals, as necessary; Configure common spaces to maximize physical distancing; Provide enhanced cleaning; Establish plans for the containment and isolation of oncampus cases, including consideration of PPE, food delivery, and bathroom needs. 	
Exce	eption	

- They have a current and complete RSSL Blueprint and are complying with Sections 1-3 of the *Ready Schools, Safe Learners* guidance and any other applicable sections, including Section 2L of the *Ready Schools, Safe Learners* guidance.
 The school maintains a fully-closed residential campus (no non-essential visitors allowed), and normal day school operations are only offered remotely through distance learning.
- only offered remotely through distance learning.
 There have been no confirmed cases of COVID-19 among school staff or students in the past 14 days.
- ☐ Less than 10% of staff, employees, or contracts (in total) are traveling to or from campus. Staff in this designation will:
 - Limit travel to essential functions.

OH/	A/ODE Requirements	Hybrid/Onsite Plan
	Carefully monitor their own health daily and avoid coming to	
	campus at any potential symptom of COVID-19.	
	Any boarding students newly arriving to campus will either:	
	Complete a quarantine at home for 14 days (or current CDC)	
	recommended time period) prior to traveling to the school,	
	OR	
	 Quarantine on campus for 14 days (or current CDC 	
	recommended time period).	
	Student transportation off-campus is limited to medical care.	
OII		PROCEDURES AND DRILLS
	A/ODE Requirements In accordance with ORS 336.071 and OAR 581-022-2225 all schools	Hybrid/Onsite Plan Each school's safety team is completing a COVID-19 checklist to
	(including those operating a Comprehensive Distance Learning	ensure compliance with all 1-3 domains and based upon the unique
	model) are required to instruct students on emergency	floorplan, grade levels and culture within their building.
	procedures. Schools that operate an On-Site or Hybrid model need	noorpian, grade levels and culture within their banding.
	to instruct and practice drills on emergency procedures so that	
	students and staff can respond to emergencies.	
	At least 30 minutes in each school month must be used to	
	instruct students on the emergency procedures for fires,	
	earthquakes (including tsunami drills in appropriate zones),	
	and safety threats.	
	 Fire drills must be conducted monthly. 	
	Earthquake drills (including tsunami drills and instruction for	
	schools in a tsunami hazard zone) must be conducted two	
	times a year.	
	 Safety threats including procedures related to lockdown, 	
	lockout, shelter in place and evacuation and other	
	appropriate actions to take when there is a threat to safety	
	must be conducted two times a year.	
	Drills can and should be carried out <u>as close as possible</u> to the	
	procedures that would be used in an actual emergency. For	
	example, a fire drill must be carried out with the same alerts and	
	same routes as normal. If appropriate and practicable, COVID-19	
	physical distancing measures can be implemented, but only if they	
	do not compromise the drill.	
	When or if physical distancing must be compromised, drills must	
	be completed in less than 15 minutes. Prills shall not be practiced upless they can be practiced correctly.	
	Drills shall not be practiced unless they can be practiced correctly.	
	Train staff on safety drills prior to students arriving on the first day on campus in hybrid or face-to-face engagement.	
	If on a hybrid schedule, conduct multiple drills each month to	
	ensure that all cohorts of students have opportunities to	
	participate in drills (i.e., schedule on different cohort days	
	throughout the year).	
	Students must wash hands with soap and water for 20 seconds or	
	use an alcohol-based hand sanitizer with 60-95% alcohol after a	
	drill is complete.

	student and staff dysregulation. Recognize that there could be new	
	and different antecedents and setting events with the additional	
	requirements and expectations for the 2020-21 school year.	
	Establish a proactive plan for daily routines designed to build self-	
_	regulation skills; self-regulation skill-building sessions can be short	
	(5-10 minutes), and should take place at times when the student is	
	regulated and/or is not demonstrating challenging behaviors.	
	Ensure all staff are trained to support de-escalation, provide	
	lagging skill instruction, and implement alternatives to restraint	
	and seclusion.	
	Ensure that staff are trained in effective, evidence-based methods	
	for developing and maintaining their own level of self-regulation	
	and resilience to enable them to remain calm and able to support	
	struggling students as well as colleagues.	
	Plan for the impact of behavior mitigation strategies on public	
	health and safety requirements:	
	Student elopes from area	
	 If staff need to intervene for student safety, staff should: 	
	 Use empathetic and calming verbal interactions (i.e. 	
	"This seems hard right now. Help me understand	
	How can I help?") to attempt to re-regulate the	
	student without physical intervention.	
	Use the least restrictive interventions possible to	
	maintain physical safety for the student and staff.	
	Wash hands after a close interaction.	
	Note the interaction on the appropriate contact log.	
	*If unexpected interaction with other stable cohorts accurate these contexts must be noted in the appropriate.	
	occurs, those contacts must be noted in the appropriate contact logs.	
	 Student engages in behavior that requires them to be isolated 	
	from peers and results in a room clear.	
	o If students leave the classroom:	
	Preplan for a clean and safe alternative space that	
	maintains physical safety for the student and staff	
	 Ensure physical distancing and separation occur, to 	
	the maximum extent possible.	
	 Use the least restrictive interventions possible to 	
	maintain physical safety for the student and staff.	
	 Wash hands after a close interaction. 	
	 Note the interaction on the appropriate contact log. 	
	 *If unexpected interaction with other stable cohorts 	
	occurs, those contacts must be noted in the appropriate	
	contact logs.	
	Student engages in physically aggressive behaviors that proclude the possibility of maintaining physical distance.	
	preclude the possibility of maintaining physical distance and/or require physical de-escalation or intervention	
	techniques other than restraint or seclusion (e.g., hitting,	
	biting, spitting, kicking, self-injurious behavior).	
	 If staff need to intervene for student safety, staff should: 	
	Maintain student dignity throughout and following	
	the incident.	
	 Use empathetic and calming verbal interactions (i.e. 	
	"This seems hard right now. Help me understand	
	How can I help?") to attempt to re-regulate the	
	student without physical intervention.	
	 Use the least restrictive interventions possible to 	
	maintain physical safety for the student and staff	
	Wash hands after a close interaction.	
	Note the interaction on the appropriate contact log. *If you are add interaction with the property and appropriate contact log.	
	*If unexpected interaction with other stable cohorts occurs, those	
	contacts must be noted in the appropriate contact logs.	

OHA/ODE Requirements	Hybrid/Onsite Plan		
☐ Ensure that spaces that are unexpectedly used to deescalate			
behaviors are appropriately cleaned and sanitized after use before			
the introduction of other stable cohorts to that space.			
2o. PROTECTIVE PHYSICAL INTERVENTION			
OHA/ODE Requirements	Hybrid/Onsite Plan		
Reusable Personal Protective Equipment (PPE) must be cleaned			
and disinfected following the manufacturer's recommendation,			
after every episode of physical intervention (see section 2j.			
Cleaning, Disinfection, and Ventilation in the <i>Ready Schools, Safe</i>			
Learners guidance). Single-use disposable PPE must not be re-used.			
useu.

	playgrounds.	
	When bringing students back into On-Site or Hybrid instruction,	
	consider smaller groups, cohorts, and rotating schedules to allow	
	for a safe return to schools.	

This section must be completed by any public school that is providing instruction through On-Site or Hybrid Instructional Models.

Schools providing Comprehensive Distance Learning Instructional Models do not need to complete this section unless the school is implementing the Limited In-Person Instruction provision under the Comprehensive Distance Learning guidance.

This section does not apply to private schools.

- We affirm that, in addition to meeting the requirements as outlined above, our school plan has met the collective requirements from ODE/OHA guidance related to the 2020-21 school year, including but not limited to requirements from:
 - Sections 4, 5, 6, 7, and 8 of the *Ready Schools, Safe Learners* guidance,
 - The **Comprehensive Distance Learning** guidance,
 - The <u>Ensuring Equity and Access: Aligning Federal and State Requirements</u> guidance, and
 - Planning for COVID-19 Scenarios in Schools
- □ We affirm that we cannot meet all of the collective requirements from ODE/OHA guidance related to the 2020-21 school year from:
 - Sections 4, 5, 6, 7, and 8 of the *Ready Schools, Safe Learners* guidance,
 - The **Comprehensive Distance Learning** guidance,
 - The <u>Ensuring Equity and Access: Aligning Federal and State Requirements</u> guidance, and
 - Planning for COVID-19 Scenarios in Schools

We will continue to work towards meeting them and have noted and addressed which requirement(s) we are unable to meet in the table titled "Assurance Compliance and Timeline" below.

4. Equity

5. Instruction

6. Family, Community, Engagement

7. Mental, Social, and Emotional Health

8. Staffing and Personnel

Assurance Compliance and Timeline

If a district/school cannot meet the requirements from the sections above, provide a plan and timeline to meet the requirement.

List Requirement(s) Not Met	Provide a Plan and Timeline to Meet Requirements Include how/why the school is currently unable to meet them
